

Public Law 101-514  
101st Congress

An Act

Nov. 5, 1990  
[H.R. 5019]

Making appropriations for energy and water development for the fiscal year ending September 30, 1991, and for other purposes.

Energy and  
Water  
Development  
Appropriations  
Act, 1991.

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the fiscal year ending September 30, 1991, for energy and water development, and for other purposes, namely:*

TITLE I

DEPARTMENT OF DEFENSE—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to rivers and harbors, flood control, beach erosion, and related purposes.

GENERAL INVESTIGATIONS

For expenses necessary for the collection and study of basic information pertaining to river and harbor, flood control, shore protection, and related projects, restudy of authorized projects, miscellaneous investigations, and when authorized by laws, surveys and detailed studies and plans and specifications of projects prior to construction, \$146,435,000, to remain available until expended: *Provided*, That with funds herein appropriated the Secretary of the Army, acting through the Chief of Engineers, is directed to undertake the following items under General Investigations in fiscal year 1991 in the amounts specified:

Casino Beach, Chicago, Illinois, \$220,000;  
McCook and Thornton Reservoirs (CUP), Illinois, \$2,000,000;  
Lake George, Hobart, Indiana, \$125,000;  
Little Calumet River Basin (Cady Marsh Ditch), Indiana, \$220,000;  
Ste. Genevieve, Missouri, \$600,000;  
Red River Waterway, Shreveport, Louisiana, to Daingerfield, Texas, \$1,900,000;  
Miami River Sediments, Florida, \$200,000;  
Monroe County Beach Erosion (Smathers Beach), Florida, \$193,000;  
Wyoming Valley Levee Raising, Pennsylvania, \$1,000,000:  
*Provided further*, That not to exceed \$27,200,000 shall be available for obligation for research and development activities: *Provided*

Administration", Bureau of Reclamation, in the Interior Department Appropriations Act 1945; preparation and dissemination of useful information including recordings, photographs, and photographic prints; and studies of recreational uses of reservoir areas, and investigation and recovery of archeological and paleontological remains in such areas in the same manner as provided for in the Acts of August 21, 1935 (16 U.S.C. 461-467), and June 27, 1960 (16 U.S.C. 469): *Provided*, That no part of any appropriation made herein shall be available pursuant to the Act of April 19, 1945 (43 U.S.C. 377), for expenses other than those incurred on behalf of specific reclamation projects except "General Administrative Expenses", amounts provided for plan formulation and advance planning investigations under the head "General Investigations", and amounts provided for science and technology under the head "Construction Program".

Sums appropriated herein which are expended in the performance of reimbursable functions of the Bureau of Reclamation shall be returnable to the extent and in the manner provided by law.

No part of any appropriation for the Bureau of Reclamation, contained in this Act or in any prior Act, which represents amounts earned under the terms of a contract but remaining unpaid, shall be obligated for any other purpose, regardless of when such amounts are to be paid: *Provided*, That the incurring of any obligation prohibited by this paragraph shall be deemed a violation of 31 U.S.C. 1341.

43 USC 377a.

No funds appropriated to the Bureau of Reclamation for operation and maintenance, except those derived from advances by water users, shall be used for the particular benefits of lands (a) within the boundaries of an irrigation district, (b) of any member of a water users' organization, or (c) of any individual when such district, organization, or individual is in arrears for more than twelve months in the payment of charges due under a contract entered into with the United States pursuant to laws administered by the Bureau of Reclamation.

None of the funds made available by this or any other Act shall be used by the Bureau of Reclamation for contracts for surveying and mapping services unless such contracts for which a solicitation is issued after the date of this Act are awarded in accordance with title IX of the Federal Property and Administrative Service Act of 1949 (40 U.S.C. 541 et seq.). Notwithstanding the provisions of 5 U.S.C. 5901(a), as amended, the uniform allowance for each uniformed employee of the Bureau of Reclamation, Department of the Interior, shall not exceed \$400 annually.

## GENERAL PROVISIONS

### DEPARTMENT OF THE INTERIOR

SEC. 201. Appropriations in this title shall be available for expenditure or transfer (within each bureau or office), with the approval of the Secretary, for the emergency reconstruction, replacement, or repair of aircraft, buildings, utilities or other facilities or equipment damaged, rendered inoperable, or destroyed by fire, flood, storm, drought, or other unavoidable causes: *Provided*, That no funds shall be made available under this authority until funds specifically made available to the Department of the Interior for emergencies shall have been exhausted.

SEC. 202. The Secretary may authorize the expenditure or transfer (within each bureau or office) of any appropriation in this title, in addition to the amounts included in the budget programs of the several agencies, for the suppression or emergency prevention of forest or range fires on or threatening lands under jurisdiction of the Department of the Interior.

SEC. 203. Appropriations in this title shall be available for operation of warehouses, garages, shops, and similar facilities, wherever consolidation of activities will contribute to efficiency, or economy, and said appropriations shall be reimbursed for services rendered to any other activity in the same manner as authorized by the Act of June 30, 1932 (31 U.S.C. 1535 and 1536): *Provided*, That reimbursements for costs of supplies, materials, equipment, and for services rendered may be credited to the appropriation current at the time such reimbursements are received.

SEC. 204. Appropriations in this title shall be available for hire, maintenance, and operation of aircraft; hire of passenger motor vehicles; purchases of reprints; payment for telephone services in private residences in the field, when authorized under regulations approved by the Secretary; and the payment of dues, when authorized by the Secretary, for library memberships in societies or associations which issue publications to members only or at a price to members lower than to subscribers who are not members.

SEC. 205. (a) AUTHORIZATION.—The Secretary is authorized and directed to enter into a contract with the McGee Creek Authority, Oklahoma City, Oklahoma, accepting a payment in an amount to be determined by the Secretary after appropriate investigation.

(b) CONTRACT TERMINATION.—Upon receipt of the payment specified in subsection (a), the McGee Creek Water Authority's obligation under contract between the Authority and the Secretary numbered 0-07-50-X0822, dated October 11, 1979, shall be terminated.

(c) TITLE TO PROJECT FACILITIES.—Notwithstanding any payments made by the McGee Creek Water Authority pursuant to section 205 (a) and (b) of this language or pursuant to any contract with the Secretary, title to project facilities of the McGee Creek Project, Oklahoma, shall remain with the United States.

SEC. 206. (a) Except as provided in subsection (b) of this section, none of the funds appropriated in this or any other Act shall be used to execute new long-term contracts for water supply from the Central Valley Project, California.

California.  
Government  
contracts.

(b)(1) The Secretary of the Interior is authorized and directed to enter into the following contracts: (A) a municipal and industrial water supply contract with the Sacramento County Water Agency, not to exceed 22,000 acre-feet annually, to meet the immediate needs of Sacramento County and a municipal and industrial water supply contract with the San Juan Suburban Water District, not to exceed 13,000 acre-feet annually, for diversion from Folsom Lake, with annual quantities delivered under these contracts to be determined by the Secretary based upon the quantity of water actually needed within the Sacramento County Water Agency service area and San Juan Suburban Water District after considering reasonable efforts to: (i) promote full utilization of existing water entitlements within Sacramento County, (ii) implement water conservation and metering programs within the areas served by the contract, and (iii) implement programs to maximize to the extent feasible conjunctive use of surface water and groundwater; and (B) a municipal and industrial water supply contract with the El Dorado County Water

Agency, not to exceed 15,000 acre-feet annually, for diversion from Folsom Lake or for exchange upstream on the American River or its tributaries, considering reasonable efforts to implement water conservation programs within areas to be served by the contracts. The contracts required by this subsection are intended as the first phase of a contracting program to meet the long-term water supply needs of Sacramento and El Dorado Counties. The Secretary shall promptly initiate the necessary analysis for the long-term water supply contracts. The Secretary shall include in these contracts terms and conditions to ensure that the contracts may be amended in any respect required to meet the Secretary's obligations under applicable State law and the Federal environmental laws.

(2) Prior to entering into the contracts specified in subsection (b)(1) of this section, the Secretary is directed to comply with the provision of the National Environmental Policy Act by preparing joint Environmental Impact Statements and California Environmental Quality Act Environmental Impact Reports. The Sacramento County Water Agency shall be the joint lead agency with the Bureau of Reclamation in the preparation of the environmental documents required under (b)(1)(A) of this section and the El Dorado County Water Agency shall be the joint lead agency with the Bureau of Reclamation in the preparation of the environmental documents required under (b)(1)(B), with the Bureau of Reclamation cooperating in all aspects of the environmental review process, but not controlling that process.

(3) Diversions from the American River under the contract for the Sacramento County Water Agency shall, to the maximum extent reasonable and feasible, take place at or near the mouth of the American River.

SEC. 207. The Secretary of the Interior is authorized and directed to pay, without reimbursement, \$1,000,000 to the Fall River Rural Electric Cooperative in reimbursement for environmental protection requirements in connection with the development of hydroelectric power at the Island Park Dam and Reservoir, Idaho. Such payment shall be made on the date the hydroelectric electric power facilities are placed in service and shall not affect cost allocations or repayment provisions for the Minidoka Project.

### TITLE III

## DEPARTMENT OF ENERGY

### ENERGY SUPPLY, RESEARCH AND DEVELOPMENT ACTIVITIES

For expenses of the Department of Energy activities including the purchase, construction and acquisition of plant and capital equipment and other expenses incidental thereto necessary for energy supply, research and development activities, and other activities in carrying out the purposes of the Department of Energy Organization Act (Public Law 95-91), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion; purchase of passenger motor vehicles (not to exceed 21 for replacement only), \$2,527,082,000, to remain available until expended, of which \$89,842,500 shall be available only for the following facilities: Advanced Technology Center, Indiana State University; Center for Energy Resources Management, University of New Orleans; Biomedical Research
