Hey Lori - not sure what you mean. I referred to a memo we jointly wrote with NOAA describing steps ICF should take to produce an effects analysis we can use. Was it that? If so, I'm happy to share with you FYI, but it's not something you should share with anybody else at this point. Let me know.

And have a good weekend yourself!

Subject: Modeling List

Hi Mike, could you forward me the modeling list that the Lead Agencies put together that you were mentioning this morning when we talked. It would be helpful for me to know what we are asking for the BDCP analysis. Thanks !

Have a great weekend. :)
