15 HEARING ON THE MATTER OF

RESOURCES AND UNITED STATES  
17 BUREAU OF RECLAMATION REQUEST  
FOR A CHANGE IN POINT OF DIVERSION  
18 FOR CALIFORNIA WATER FIX.

**TESTIMONY OF ANDREW FECKO**

19  
20 This testimony is offered on behalf of the Placer County Water Agency (PCWA).

21 I, Andrew Fecko, do hereby declare;

22 I have been employed by the Placer County Water Agency (PCWA) for 10 years.  
23 I am currently the Director of Resource Development. In that capacity I manage many  
24 aspects of PCWA's Middle Fork Project (MFP), including overseeing PCWA's  
25 hydroelectric energy and wholesale water sales under PCWA's water right permits and  
26 managing PCWA's regulatory and government affairs.

27 Because the operation of the MFP and Folsom Lake are critically linked in  
28 providing a reliable source of water for PCWA's wholesale water customers, parts of my

1 duties also include participating in matters related to the United States Bureau of  
2 Reclamation's (Reclamation) operation of Folsom Reservoir and the Lower American  
3 River. This includes issues related to Lower American River instream flow and  
4 temperature, Folsom Reservoir water storage and elevation levels and inflow, and  
5 outflow forecasting based on PCWA's unique knowledge of the North Fork American  
6 river watershed. I also work closely with Reclamation and the Sacramento area Water  
7 Forum staff to implement the flow, temperature, water conservation, habitat  
8 enhancement and supplemental water actions agreed to by all local water purveyors in  
9 the 2000 Water Forum Agreement.

10 I have reviewed and concur with the testimony of PCWA's General Manager,  
11 Einar Maisch. I am able to answer questions regarding PCWA's operation of the MFP,  
12 and issues related to PCWA's operation of the MFP as it relates to Folsom Reservoir  
13 and Reclamation's operation thereof.

14 I declare under penalty of perjury under the laws of the State of California that the  
15 foregoing is true and correct.

16 Executed on this 30th day of August 2016 in Auburn, California.
