RESEARCH, PLANNING AND POLICY EXPERIENCE

Consultant, Restore the Delta (2014-present), Environmental Water Caucus (2013-present), and California Water Impact Network (C-WIN; 2008-2015). Completed complex research projects including:

- 2014 and 2015: Written comments on behalf of the Environmental Water Caucus on California WaterFix recirculated environmental documents, and Bay Delta Conservation Plan, its EIR/EIS and Draft Implementing Agreement.
- 2013: Written comments on behalf of the Environmental Water Caucus on environmental review documents on Phase 1 San Joaquin River flow and South Delta salinity objectives for State Board's Bay-Delta Plan to the State Water Board.
- 2012: Researched and submitted written and oral testimony representing California Water Impact Network to State Water Board on "Recent Salinity and Selenium Science" and "Water Availability Analysis" for the Trinity, Sacramento and San Joaquin River Basins" for Phase 2 of Bay-Delta Plan proceedings. Latter project involved intensive three-year data collection on all types of water rights in the Central Valley watershed of the Delta.
- 2009: Submitted written and sworn oral testimony representing California Water Impact Network in evidentiary proceedings before the State Water Resources Control Board concerning modification of a cease and desist order by the Board against the US Bureau of Reclamation and California Department of Water Resources.

City of Berkeley (1993 to 2009). Associate Planner (1993-2000). Housing Senior Planner (2000-2009).

Contractor, Pacific Consulting Services, Inc., Albany, CA (1992-93). Siting and zoning study of Salt River Project (electric utility) substations in Phoenix, AZ.

Associate Planner, Brady and Associates, Inc. (1991-92). Managed environmental impacts reports, wrote marketing proposals.

Economist/Planner, EIP Associates (1989-91). Demographic, employment, and housing analyses, land use policy and planning analyses of development projects and plans under the California Environmental Quality Act and National Environmental Policy Act. Projects included Santa Rosa wastewater treatment alternatives and Owens Valley groundwater pumping program.

Analyst, Keyser Marston Associates (1988-89). Analyzed various real estate markets for trends, evaluated project feasibility, and estimated fiscal benefits of real estate projects.
