San Joaquin Certified Farmers' Market Rules & Regulations 2016

STATEMENT OF INTENT

NATURE OF THE MARKET: The Certified Farmers' Markets (CFM) are diversified markets offering for sale to the general public certifiable agricultural products and non-certifiable agricultural products, as well as non-agricultural products in an area adjacent to the CFM.

The CFM provides producers with the opportunity to sell their fresh, California Grown products directly to the consumers without the intervention of a middleman.

Each CFM is operated in accordance with regulations established in the California Administrative Code (Title 3, Article 6.5) pertaining to Direct Marketing. Each market is certified by the County Agricultural Commissioner as a direct marketing outlet for producers to sell their products directly to consumers without meeting the usual size, standard pack and container requirements for such products. However, all produce must meet minimum quality standards.

The non-certifiable agricultural products and non-agricultural products add variety and enhance the festive ambiance of the Farmers' Market. Although the State Direct Marketing regulations require the producers of fresh fruit, nuts, vegetables, flowers, honey, eggs, nursery stock, and plants be certified, producers of non-certifiable agricultural products and non-agricultural products are not certified, but the same producer-to-consumer philosophy applies for all items sold at the Market.

Each CFM is managed, operated and controlled by the San Joaquin Certified Farmers' Market (SJCFM).

In order to ensure the successful maintenance of the CFM as an efficient outlet for producers to sell their products directly to consumers, SJCFM has established the following set of Rules & Regulations.

The Executive Market Manager will have final authority in interpreting and enforcing these Rules & Regulations.

SJCFM reserves the right to make additions or deletions to these rules when deemed necessary. Written notice of these changes will be provided to the producers.

I. INTENT & IMPLEMENTATION

The purpose of this set of rules is to govern the operation, administration and management of the Certified Farmers' Markets under the control of this organization.

The Executive Market Manager of this organization will implement and enforce all Rules & Regulations pertaining to the operation of the Certified Farmers' Markets under its control in a fair and equitable manner.

II. STATE REGULATIONS

CALIFORNIA ADMINISTRATIVE CODE:

- (a) Except as provided in subsection (f) below, producers or certified producers may sell or offer to sell only agricultural products which they have produced to consumers at a Certified Farmers' Market. The certified producer's immediate family or employee(s) may also act for and sell the certified producer's agricultural products. No certifiable agricultural products may be sold at a certified farmers' market unless such products are listed on the certified producer's certificate.
- (b) All agricultural products, when sold or offered for sale at a certified farmers' market or at or near the point of production, shall comply with all applicable requirements of Article I (beginning with Section 113700), 2, 3, 4, 5, 6, 7, 11, 13, and 15 of Chapter 4 (California Uniform Retail Food Facilities Law), Division 104, Part 7, of the California Health and Safety Code, and chapters I (beginning with Section 109875), 2, 4, 5, and 8 (California Sherman Food, Drug and Cosmetic Law), and Division 104, Part 5, of the California Health and Safety Code.
