Contract No. 14-06-200-5520A-R-1

25	EXPLANATORY RECITALS
26	[1 <sup>st]</sup> WHEREAS, the United States has constructed and is operating the Central Valley
27	Project, California, for multiple purposes pursuant to its statutory authority; and
28	[2 <sup>nd]</sup> WHEREAS, the Contractor's shareholders have rights to divert, are diverting, and
29	will continue to divert for reasonable beneficial use, water from the natural flow of the
30	Sacramento River and tributaries thereto, that would have been flowing therein if the Central
31	Valley Project were not in existence;
32	[3 <sup>rd]</sup> WHEREAS, the construction and operation of the integrated and coordinated
33	Central Valley Project has changed and will further change the regimen of the Sacramento,
34	American, San Joaquin, and Trinity Rivers and the Sacramento-San Joaquin Delta from
35	unregulated flow to regulated flow; and
36	[4 <sup>th]</sup> WHEREAS, the United States has rights to divert, is diverting, and will continue
37	to divert waters from said Rivers and said Delta in connection with the operation of said Central
38	Valley Project; and
39	[5 <sup>th]</sup> WHEREAS, the Contractor's shareholders and the United States had a dispute
40	over the respective rights of the parties to divert and use water from the regulated flow of the
41	Sacramento River which threatened to result in litigation, and as a means to settle that dispute
42	entered into Contract No. 14-06-200-5520A, as revised, hereinafter referred to as the Existing
43	Contract, which established terms for the delivery to the Contractor of Central Valley Project
44	Water, and the quantities of Base Supply the United States and the Contractor agreed may be
45	diverted by the Contractor or its shareholders from the Sacramento River pursuant to such
46	contract; and

. 6

47	[6 <sup>th]</sup> WHEREAS, the United States and the Contractor disagree with respect to the
48	authority of the United States to change the quantities of Base Supply and/or Project Water
49	specified as available for diversion in this Settlement Contract from the quantities specified in
50	the Existing Contract, and other issues related thereto. That dispute was the subject of litigation
51	in a lawsuit entitled Glenn-Colusa Irrigation District, et al. v. United States, et al. [Civ. No. S-
52	01-1816 GEB/JFM (E.D. Cal.)], but that litigation was dismissed, without prejudice, pursuant to
53	a stipulation of dismissal filed by the parties thereto on August 29, 2002. Notwithstanding that
54	dismissal, the Contractor and the United States enter into this Settlement Contract to renew the
55	Existing Contract, pursuant to the terms of the Existing Contract, Federal Reclamation law, and
56	the laws of the State of California; and
57	[7 <sup>th]</sup> WHEREAS, to assure the Contractor's shareholders of the enjoyment and use of
58	the regulated flow of the said Rivers and the Delta, and to provide for the economical operation
59	of the Central Valley Project by, and the reimbursement to, the United States for expenditures
60	made for said Project.
61	NOW, THEREFORE, in consideration of the performance of the herein contained
62	provisions, conditions, and covenants, it is agreed as follows:
63	DEFINITIONS
64	1. When used herein, unless otherwise expressed or incompatible with the intent
65	hereof, the term:
66	(a) "Base Supply" shall mean the quantity of Surface Water established in
67	Articles 3 and 5 which may be diverted by the Contractor or its shareholders from the
68	Sacramento River each month during the period April through October of each Year without
69	payment to the United States for such quantities diverted;

•'.

1

11

• .

70	(b) "Basin-Wide Water Management Plan" shall mean the mutually agreeable
71	Sacramento River Basinwide Water Management Plan, dated October 11, 2004, developed by
72	Glenn-Colusa Irrigation District, Maxwell Irrigation District, Natomas Central Mutual Water
73	Company, Pelger Mutual Water Company, Princeton-Codora-Glenn Irrigation District, Provident
74	Irrigation District, Reclamation District 108, Sutter Mutual Water Company, Anderson-
75	Cottonwood Irrigation District, Meridian Farms Water Company, Reclamation District 1004, and
76	the U.S. Bureau of Reclamation;
7 <b>7</b>	(c) "Charges" shall mean the payments for Project Water that the Contractor
78	is required to pay to the United States in addition to the "Rates" specified in this Settlement
79	Contract. The Contracting Officer will, on an annual basis, determine the extent of these
80	Charges. The type and amount of each Charge shall be specified in Exhibit D;
81	(d) "Contract Total" shall mean the sum of the Base Supply and Project Water
82	available for diversion by the Contractor or its shareholders for the period April 1 through
83	October 31;
84	(e) "Critical Year" shall mean any Year in which either of the following
85	eventualities exists:
86	(1) The forecasted full natural inflow to Shasta Lake for the current
87	Water Year, as such forecast is made by the United States on or before February 15 and reviewed
88	as frequently thereafter as conditions and information warrant, is equal to or less than 3.2 million
89	acre-feet; or
90	(2) The total accumulated actual deficiencies below 4 million acre-feet
91	in the immediately prior Water Year or series of successive prior Water Years each of which had

• . \* \* \* \*

1 t.

92 inflows of less than 4 million acre-feet, which together with the forecasted deficiency for the
93 current Water Year, exceed 800,000 acre-feet.

13

94 For the purpose of determining a Critical Year, the computation of inflow to 95 Shasta Lake shall be performed in a manner that considers the extent of upstream development 96 above Shasta Lake during the year in question, and shall be used as the full natural flow to 97 Shasta Lake. In the event that major construction has occurred or occurs above Shasta Lake after 98 September 1, 1963, and which has materially altered or alters the regimen of the stream systems 99 contributing to Shasta Lake, the computed inflow to Shasta Lake used to define a Critical Year 100 will be adjusted to eliminate the effect of such material alterations. After consultation with the 101 State of California, the National Weather Service, and other recognized forecasting agencies, the 102 Contracting Officer will select the forecast to be used and will make the details of it available to 103 the Contractor. The same forecasts used by the United States for the operation of the Project 104 shall be used to make the forecasts hereunder; 105 (f) "CVPIA" shall mean the Central Valley Project Improvement Act, Title 106 XXXIV of the Act of October 30, 1992 (106 Stat. 4706); 107 "Eligible Lands" shall mean all lands to which Project Water may be (g)

delivered in accordance with Section 204 of the Reclamation Reform Act of October 12, 1982
(96 Stat. 1263), as amended, hereinafter referred to as RRA;

(h) "Excess Lands" shall mean all lands in excess of the limitations contained
in Section 204 of the RRA, other than those lands exempt from acreage limitation under Federal
Reclamation law;

(i) "Full Cost Rate" shall mean that water rate described in Sections 205(a)(3)
or 202(3) of the RRA, whichever is applicable;

12

\* 4

115	(j) "Ineligible Lands" shall mean all lands to which Project Water may not be
116	delivered in accordance with Section 204 of the RRA;
117	(k) "Landholder" shall mean a party that directly or indirectly owns or leases
118	nonexempt land, as provided in 43 CFR 426.2;
119	(l) "Project" shall mean the Central Valley Project owned by the United
120	States and managed by the Department of the Interior, Bureau of Reclamation;
121	(m) "Project Water" shall mean all Surface Water diverted or scheduled to be
122	diverted each month during the period April through October of each Year by the Contractor or
123	its shareholders from the Sacramento River which is in excess of the Base Supply. The United
124	States recognizes the right of the Contractor or its shareholders to make arrangements for
125	acquisition of water from projects of others than the United States for delivery through the
126	Sacramento River and tributaries subject to written agreement between Contractor or its
127	shareholders and the United States as to identification of such water which water when so
128	identified shall not be deemed Project Water under this Settlement Contract;
129	(n) "Rates" shall mean the payments for Project Water determined annually
130	by the Contracting Officer in accordance with the then current applicable water ratesetting
131	policies for the Project, as described in subdivision (a) of Article 8 of this Settlement Contract;
132	(o) "Secretary" or "Contracting Officer" shall mean the Secretary of the
133	Interior, a duly appointed successor, or an authorized representative acting pursuant to any
134	authority of the Secretary and through any agency of the Department of the Interior;
135	(p) "Surface Water" shall mean only those waters that are considered as
136	surface water under California law;

κ.,

• 54

12

۰.

137	(q)	"Water Year" shall mean the period commencing with October 1 of one
138	year and extending th	rough September 30 of the next; and

139 (r) "Year" shall mean a calendar year.

140

· '-

#### TERM OF SETTLEMENT CONTRACT

141 2. (a) This Settlement Contract shall become effective April 1, 2005, and shall 142 remain in effect until and including March 31, 2045; <u>Provided</u>, that under terms and conditions 143 mutually agreeable to the parties hereto, renewals may be made for successive periods not to 144 exceed 40 years each. The terms and conditions of each renewal shall be agreed upon not later 145 than one year prior to the expiration of the then existing Settlement Contract.

146 With respect to Project Water and the portions of this Settlement Contract (b) 147 pertaining thereto, upon written request by the Contractor of the Secretary made not later than 148 one year prior to the expiration of this Settlement Contract, whenever, account being taken of the 149 amount then credited to the costs of construction of water supply works, the remaining amount of 150 construction costs of water supply work which is properly assignable for ultimate return by the 151 Contractor as established by the Secretary of the Interior pursuant to (3) of Section 1 of Public 152 Law 643 (70 Stat. 483), probably can be repaid to the United States within the term of a contract 153 under subsection 9(d) of the 1939 Reclamation Project Act (53 Stat. 1187), the relevant portions 154 of this Settlement Contract may be converted to a contract under said subsection 9(d) upon terms 155 and conditions mutually agreeable to the United States and the Contractor. The Secretary shall 156 make a determination ten years after the date of execution of this Settlement Contract, and every 157 five years thereafter, of whether a conversion to a contract under said subsection 9(d) can be 158 accomplished pursuant to Public Law 643. Notwithstanding any provision of this Settlement 159 Contract, the Contractor reserves and shall have all rights and benefits under Public Law 643.

### WATER TO BE FURNISHED TO CONTRACTOR

161 3. (a) Subject to the conditions, limitations, and provisions hereinafter 162 expressed, the Contractor is hereby entitled and authorized to divert from the Sacramento River 163 at the locations shown in Exhibit A, for beneficial use by its shareholders within the area 164 delineated on Exhibit B, (both Exhibits are attached hereto and made a part hereof), the Contract 165 Total designated in Exhibit A, or any revision thereof, in accordance with the monthly operating 166 schedule required by Article 3(c) of this Settlement Contract. The quantity of any water diverted 167 🐃 under this Settlement Contract from the Sacramento River, during the period April through 168 October, for use on any lands delineated on Exhibit B, by the owner of such lands or otherwise 169 shall constitute a part of the Contract Total as shown on Exhibit A and shall be subject to all the 170 provisions of this Settlement Contract relating to such Contract Total as if such diversion were 171 made by the Contractor. 172 The Contractor or its shareholders may have acquired rights to divert (b) 173 water from the Sacramento River during the period April through October, that were obtained 174 after the date of execution of the Existing Contract, or the Contractor or its shareholders may 175 acquire such rights in the future. All diversions made from the Sacramento River, pursuant to 176 such rights, during the period April through October, shall not be considered a part of the

177 quantity of Base Supply and Project Water specified in Exhibit A; Provided, that the quantities

178 diverted pursuant to the above rights shall be identified on the schedule submitted pursuant to

179 Article 3(c) below, and shall not be substituted for any Base Supply or Project Water; Provided,

180 <u>further</u>, that any such identified quantities of other acquired rights may be diverted by the

181 Contractor or its shareholders before incurring any fee pursuant to Article 3(c)(1), below.

\* 1

. <u>t</u>

182	(c) Before April 1 and before the first day of each month thereafter when a
183	revision is needed, the Contractor shall submit a written schedule to the Contracting Officer
184	indicating the Contract Total to be diverted by the Contractor during each month under this
185	Settlement Contract. The United States shall furnish water to the Contractor in accordance with
186	the monthly operating schedule or any revisions thereof. However, the United States recognizes
187	the need of the Contractor to change from time to time its monthly diversions of water from the
188	quantities shown in Exhibit A; the Contractor may make such changes, provided:
189	(1) that for the quantity of Base Supply diverted in excess of the
190	monthly quantity shown in Exhibit A, and as may be reduced in accordance with Article 5(a),
191	during June, July, August, September, or October of any Water Year, the Contractor shall be
192	charged a rescheduling fee equal to 50 percent of the sum of the storage operations and
193	maintenance rate and the storage capital rate components of the Project ratesetting policy.
194	(2) that in no event shall the total quantity scheduled for diversion by
195	the Contractor or its shareholders from the Sacramento River:
196	(i) During the period April through October exceed the
1 <b>9</b> 7	aggregate of the Contract Total for that period shown in Exhibit A or any revision
198	thereof;
199	(ii) During the period July through September exceed the
200	aggregate of the Contract Total for that period shown in Exhibit A or any revision
201	thereof.
202	(d) In the event conditions warrant, the Contracting Officer reserves the right
203	to require the Contractor to submit, at least 72 hours prior to the beginning of each weekly
204	period, its estimate of daily diversion requirements for each such period from the Sacramento

. <sup>1</sup>.

**ب** ک

1

River; <u>Provided</u>, <u>however</u>, that changes during any such period may be made upon the giving of
72 hours' notice thereof to the Contracting Officer.

207 No sale, transfer, exchange, or other disposal of any of the Contract Total (e) 208 designated in Exhibit A or the right to the use thereof for use on land other than that shown on 209 Exhibit B shall be made by the Contractor or its shareholders without first obtaining the written 210 consent of the Contracting Officer. Such consent will not be unreasonably withheld and a 211 decision will be rendered in a timely manner. For short-term actions that will occur within one 212 year or less, the decision will be rendered within 30 days after receipt of a complete written 213 proposal. For long-term actions that will occur in a period longer than one year, the decision will 214 be rendered within 90 days after receipt of a complete written proposal. For a proposal to be 215 deemed complete by the Contracting Officer, it must comply with all provisions required by 216 State and Federal law, including information sufficient to enable the Contracting Officer to 217 comply with the National Environmental Policy Act, the Endangered Species Act, and applicable 218 rules or regulations then in effect; Provided, that such consent does not authorize the use of 219 Federal facilities to facilitate or effectuate the sale, transfer, exchange, or other disposal of Base 220 Supply. Such use of Federal facilities will be the subject of a separate agreement to be entered 221 into between the Contractor or its shareholders and Reclamation.

(f) For the purpose of determining whether Section 3405(a)(1)(M) of the
CVPIA applies to the Contractor as a transferor or transferee of Project Water, the Contracting
Officer acknowledges that the Contractor's shareholders are within a county, watershed, or other
area of origin, as those terms are utilized under California law.

(g) Nothing herein contained shall prevent the Contractor or its shareholders
 from diverting water during the months of November through March for beneficial use on the

1

£

land shown on Exhibit B or elsewhere to the extent authorized under the laws of the State ofCalifornia.

230 (h) The United States assumes no responsibility for and neither it nor its officers, agents, or employees shall have any liability for or on account of: 231 232 The quality of water to be diverted by the Contractor; (1)The control, carriage, handling, use, disposal, or distribution of 233 (2)234 water diverted by the Contractor outside the facilities constructed and then being operated and 235 maintained by or on behalf of the United States; 236 (3) Claims of damage of any nature whatsoever, including but not 237 limited to, property loss or damage, personal injury, or death arising out of or connected with the 238 control, carriage, handling, use, disposal, or distribution of said water outside of the hereinabove 239 referred to facilities; and 240 Any damage whether direct or indirect arising out of or in any (4) 241 manner caused by a shortage of water whether such shortage be on account of errors in 242 operation, drought, or unavoidable causes. 243 (i) In addition to the provisions of subdivision (h) of Article 3 of this 244 Contract, if there is a shortage of Project Water because of actions taken by the Contracting 245 Officer to meet legal obligations then, except as provided in subdivision (a) of Article 30 of this 246 Contract, no liability shall accrue against the United States or any of its officers, agents, or 247 employees for any damage, direct or indirect, arising therefrom. 248 **RETURN FLOW** 249 4. Nothing herein shall be construed as an abandonment or a relinquishment by the 250 United States of any right it may have to the use of waste, seepage, and return flow water derived

. 1

251 from water diverted by the Contractor or its shareholders hereunder and which escapes or is 252 discharged beyond the boundaries of the lands shown on Exhibit B; Provided, that this shall not 253 be construed as claiming for the United States any right to such water which is recovered by the 254 Contractor or its shareholders pursuant to California law from within the boundaries of the lands 255 shown on Exhibit B, and which is being used pursuant to this Settlement Contract for surface 256 irrigation or underground storage for the benefit of the lands shown on Exhibit B by the 257 Contractor. 258 CONSTRAINTS ON THE AVAILABILITY OF WATER 259 5. (a) In a Critical Year, the Contractor's Base Supply and Project Water agreed 260 to be diverted during the period April through October of the Year in which the principal portion 261 of the Critical Year occurs and, each monthly quantity of said period shall be reduced by 262 25 percent. 263 (b) The amount of any overpayment by the Contractor shall, at its option, be 264 refunded or credited upon amounts to become due to the United States from the Contractor under

265 the provisions hereof in the ensuing Year. To the extent of such deficiency such adjustment of 266 overpayment shall constitute the sole remedy of the Contractor.

267

### INTEGRATED WATER MANAGEMENT AND PARTNERSHIPS

6. The Contractor and United States desire to work together to maximize the
reasonable beneficial use of water for their mutual benefit. As a consequence, the United States
and the Contractor will work in partnership and with others within the Sacramento Valley,
including other contractors, to facilitate the better integration within the Sacramento Valley of all
water supplies including, but not limited to, the better management and integration of surface

water and groundwater, the development and better utilization of surface water storage, the

. 1

effective utilization of waste, seepage and return flow water, and other operational and
management options that may be identified in the future.

276

. **\*** <sup>1</sup> \* <sup>1</sup> ×

### USE OF WATER FURNISHED TO CONTRACTOR

7. (a) Project Water furnished to the Contractor pursuant to this Settlement
Contract shall not be delivered or furnished by the Contractor for any purposes other than
agricultural purposes without the written consent of the Contracting Officer. For purposes of this
Settlement Contract, "agricultural purposes" includes, but is not restricted to, the irrigation of
erops, the watering of livestock, incidental domestic use including related landscape irrigation,
and underground water replenishment.

283 (b) The Contractor shall comply with requirements applicable to the 284 Contractor in biological opinion(s) prepared as a result of a consultation regarding the execution 285 of this Settlement Contract undertaken pursuant to Section 7 of the Endangered Species Act of 286 1973, as amended, that are within the Contractor's legal authority to implement. The Existing 287 Contract, which evidences in excess of 40 years of diversions, for agricultural uses, of the quantities of water provided for in Article 3, and the underlying water rights of the Contractor's 288 289 shareholders will be considered in developing an appropriate base-line for the Biological 290 Assessment prepared pursuant to the Endangered Species Act, and in any other needed 291 environmental review. Nothing herein shall be construed to prevent the Contractor from 292 challenging or seeking judicial relief in a court of competent jurisdiction with respect to any 293 biological opinion or other environmental documentation referred to in this Article. 294 RATE AND METHOD OF PAYMENT FOR WATER

8. (a) The Contractor shall make payments to the United States as provided in
this Article for all Project Water shown in Exhibit A as follows:

13

(1) 75 percent of the amount shown as Project Water shall be paid for
by the Contractor in each Year; and in addition

1. × 1.

(2) the Contractor shall pay for Project Water actually diverted in
excess of 75 percent of the amount shown as Project Water.

301 Such payments shall be at Rates and Charges established in accordance with: (i) the Secretary's then-current ratesetting policies for the Project; and (ii) applicable Reclamation law 302 303 and associated rules and regulations, or policies; Provided, that if the Contractor desires to use 304 Project Water for other than agricultural purposes the Rates and Charges set forth above will be 305 adjusted by the Contracting Officer to the applicable Rates and Charges for such purposes. The 306 Rates and Charges applicable to the Contractor upon execution of this Settlement Contract are 307 set forth in Exhibit D, as may be revised annually. The Secretary's ratesetting policies for the 308 Project shall be amended, modified, or superseded only through a public notice and comment procedure. The Contracting Officer shall adjust the amount of Project Water for which payment 309 310 is required to the extent of any reduction in diversions of Project Water made in accordance with 311 the water conservation provisions of Article 29(e).

312 (b) The Contracting Officer shall notify the Contractor of the Rates and313 Charges as follows:

(1) Prior to July 1 of each Year, the Contracting Officer shall provide
the Contractor an estimate of the Charges for Project Water that will be applied to the period
October 1, of the current Year, through September 30, of the following Year, and the basis for
such estimate. The Contractor shall be allowed not less than two months to review and comment
on such estimates. On or before September 15 of each Year, the Contracting Officer shall notify

13

1 1

the Contractor in writing of the Charges to be in effect during the period October 1 of the current
Year, through September 30, of the following Year, and such notification shall revise Exhibit D.

321 (2) Prior to October 1 of each Year, the Contracting Officer shall make
322 available to the Contractor an estimate of the Rates for Project Water for the following Year and
323 the computations and cost allocations upon which those Rates are based. The Contractor shall be
324 allowed not less than two months to review and comment on such computations and cost
325 allocations. By December 31 of each Year, the Contracting Officer shall provide the Contractor
326 with the final Rates to be in effect for the upcoming Year, and such notification shall revise
327 Exhibit D.

328 (c) The Contractor shall pay the United States for Project Water in the329 following manner:

330 (1)With respect to Rates, prior to May 1 of each Year, the Contractor 331 shall pay the United States one-half the total amount payable pursuant to subdivision (a) of this 332 Article and the remainder shall be paid prior to July 1 or such later date or dates as may be specified by the United States in a written notice to the Contractor; Provided, however, that if at 333 334 any time during the Year the amount of Project Water diverted by the Contractor or its 335 shareholders shall equal the amount for which payment has been made, the Contractor shall pay 336 for the remaining amount of such water as shown in Exhibit A in advance of any further 337 diversion of Project Water.

338 (2) With respect to Charges, the Contractor shall also make a payment
339 to the United States, in addition to the Rate(s) in subdivision (c)(1) of this Article, at the Charges
340 then in effect, before the end of the month following the month of delivery or transfer. The
341 payments shall be consistent with the quantities of Project Water delivered or transferred.

1 1

Adjustment for overpayment or underpayment of Charges shall be made through the adjustment
of payments due to the United States for Charges for the next month. Any amount to be paid for
past due payment of Charges shall be computed pursuant to Article 13 of this Settlement
Contract,

. **₽** .

(d) Payments to be made by the Contractor to the United States under
this Settlement Contract may be paid from any revenues available to the Contractor. All
revenues received by the United States from the Contractor relating to the delivery of Project
Water or the delivery of non-Project Water through Project facilities shall be allocated and
applied in accordance with Federal Reclamation law and the associated rules or regulations, and
the then current Project ratesetting policies for irrigation water.

352 (e) The Contracting Officer shall keep its accounts pertaining to the 353 administration of the financial terms and conditions of its long-term water service and Settlement 354 Contracts, in accordance with applicable Federal standards, so as to reflect the application of 355 Project costs and revenues. The Contracting Officer shall, each Year upon request of the 356 Contractor, provide to the Contractor a detailed accounting of all Project and Contractor expense 357 allocations, the disposition of all Project and Contractor revenues, and a summary of all water delivery information. The Contracting Officer and the Contractor shall enter into good faith 358 359 negotiations to resolve any discrepancies or disputes relating to accountings, reports, or 360 information.

361 (f) The parties acknowledge and agree that the efficient administration of this 362 Settlement Contract is their mutual goal. Recognizing that experience has demonstrated that 363 mechanisms, policies, and procedures used for establishing Rates and Charges and/or for making 364 and allocating payments, other than those set forth in this Article may be in the mutual best

¥ ₫

interest of the parties, it is expressly agreed that the parties may enter into agreements to modify
the mechanisms, policies, and procedures for any of those purposes while this Settlement
Contract is in effect without amendment of this Settlement Contract.

<u>به</u> ا

368 (g) For the term of this Settlement Contract, Rates under the respective 369 ratesetting policies for the Project will be established to recover only reimbursable operation and 370 maintenance (including any deficits) and capital costs of the Project, as those terms are used in 371 the then current Project ratesetting policies, and interest, where appropriate, except in instances 372 where a minimum Rate is applicable in accordance with the relevant Project ratesetting policy. 373 Proposed changes of significance in practices which implement the ratesetting policies for the 374 Project will not be implemented until the Contracting Officer has provided the Contractor an 375 opportunity to discuss the nature, need, and impact of the proposed change. The Contractor 376 retains all rights to challenge the validity of Rates and Charges imposed pursuant to this 377 Settlement Contract, including but not limited to operation and maintenance expenses and 378 operation and maintenance deficits, in an appropriate administrative or judicial proceeding. 379 (h) Except as provided in subsection 3405(a)(1)(B) of the CVPIA, the Rates 380 for Project Water transferred, exchanged, or otherwise disposed of, by the Contractor shall be the 381 Contractor's Rates adjusted upward or downward to reflect the changed costs of delivery (if any) 382 of the transferred, exchanged, or otherwise disposed of Project Water to the transferee's point of 383 delivery in accordance with the then-current ratesetting policies for the Project. Except as 384 provided in subsection 3407(d)(2)(A) of the CVPIA, the Charges for Project Water transferred, 385 exchanged, or otherwise disposed of, by the Contractor shall be the Contractor's Charges 386 specified in Exhibit D. If the Contractor is receiving lower Rates and Charges because of 387 inability to pay and is transferring, exchanging, or otherwise disposing of Project Water to

Ľ

1

388	another entity whose Rates and Charges are not adjusted due to inability to pay, the Rates and
389	Charges for transferred, exchanged, or otherwise disposed of Project Water shall be the
390	Contractor's Rates and Charges unadjusted for ability to pay.
391	(i) Pursuant to the Act of October 27, 1986 (100 Stat. 3050), the Contracting
392	Officer is authorized to adjust determinations of ability to pay every five years.
393	(j) Each payment to be made pursuant to subdivisions (a) and (c) of this
394	Article shall be made at the office of the Bureau of Reclamation, MP Region: Mid-Pacific,
395	P.O. Box 894242, Los Angeles, CA 90189-4242, or at such other place as the United States may
396	designate in a written notice to the said Contractor. Payments shall be made by cash transaction,
397	wire, or any other mechanism as may be agreed to in writing by the Contractor and the
398	Contracting Officer. In the event there should be a default in the payment of the amount due, the
399	delinquent payment provisions of Article 13 shall apply. The Contractor shall not be relieved of
400	the whole or any part of its said obligation by, on account of, or notwithstanding, as the case may
401	be:
402	(1) Its failure, refusal, or neglect to divert 75 percent of the quantity of
403	Project Water shown on Exhibit A;
404	(2) The default in payment to it by any water user of assessments,
405	tolls, or other charges levied by or owing to said Contractor;
406	(3) Any judicial determination that any assessment, toll, or other
407	charge referred to in subsection 8(c)(2) of this Settlement Contract is irregular, void, or
408	ineffectual; or

۰.

ŧ

. .

409 (4) Any injunctive process enjoining or restraining the Contractor
410 from making or collecting any such assessment, toll, or other charge referred to in subsection
411 8(c)(2) of this Settlement Contract.

412

413

9.

(a)

#### AGREEMENT ON WATER QUANTITIES

During the term of this Settlement Contract and any renewals thereof:

(1) It shall constitute full agreement as between the United States and the Contractor as to the quantities of water and the allocation thereof between Base Supply and Project Water which may be diverted by the Contractor or its shareholders from the Sacramento River for beneficial use on the land shown on Exhibit B from April 1 through October 31, which said diversion, use, and allocation shall not be disturbed so long as the Contractor shall fulfill all of its obligations hereunder:

420 (2) Neither party shall claim any right against the other in conflict with
421 the provisions of Article 9(a)(1) hereof.

422 (b) Nothing herein contained is intended to or does limit rights of the 423 Contractor's shareholders against others than the United States or of the United States against 424 any person other than the Contractor and its shareholders; Provided, however, that in the event 425 the Contractor's shareholders, the United States, or any other person shall become a party to a general adjudication of rights to the use of water of the Sacramento River system, this Settlement 426 427 Contract shall not jeopardize the rights or position of either party hereto or of any other person and the rights of all such persons in respect to the use of such water shall be determined in such 428 proceedings the same as if this Settlement Contract had not been entered into, and if final 429 judgment in any such general adjudication shall determine that the rights of the parties hereto are 430 different from the rights as assumed herein, the parties shall negotiate an amendment to give 431

" х.

effect to such judgment. In the event the parties are unable to agree on an appropriate
amendment they shall, within 60 days of determining that there is an impasse, employ the
services of a neutral mediator, experienced in resolving water rights disputes, to assist in
resolving the impasse. The cost of the mediation will be shared equally. A failure to reach
agreement on an amendment within 60 days of the end of mediation will cause the immediate
termination of this Settlement Contract.

438 (c) In the event that the California State Water Resources Control Board or a court of competent jurisdiction issues a final decision or order modifying the terms and 439 440 conditions of the United States' or the Contractor's shareholders' water rights in order to impose 441 Bay-Delta water quality obligations, the Contractor and the United States shall promptly meet to 442 determine whether or not to modify any of the terms of this Settlement Contract to comply with 443 the final decision or order, including, but not limited to, the applicability of the rescheduling 444 charge in Article 3(c)(1) of this Settlement Contract. If within 60 days of the date of the issuance 445 of the final decision or order the parties are not able to reach agreement regarding either the need 446 to modify this Settlement Contract or the manner in which this Settlement Contract is to be 447 modified, the parties shall promptly retain a neutral mediator, experienced in resolving water 448 right disputes, to assist the parties in resolving their dispute. The cost of the mediator shall be 449 shared equally. In the event that either of the parties to this Settlement Contract determines that 450 the parties will not be able to develop mutually-agreeable modification(s) to this Settlement 451 Contract even with the assistance of a mediator, either of the parties to this Settlement Contract 452 may attempt to resolve the impasse by seeking appropriate judicial relief including, but not limited to, filing a general adjudication of the rights to the use of water in the Sacramento River 453 454 system. The foregoing provisions of this sub-article shall only apply to the incremental

. .

obligations contained within a final decision or order of the State Water Resources Control
Board that reflects a modification to the obligations imposed in State Water Resources Control
Board Revised Water Rights Decision 1641 dated March 15, 2000, and its associated 1995 Water
Quality Control Plan which, taken together, will be considered the baseline for the application of
the provisions of this sub-article.

460 (d) In the event this Settlement Contract terminates, the rights of the parties to 461 thereafter divert and use water shall exist as if this Settlement Contract had not been entered into; 462 and the fact that as a compromise settlement of a controversy as to the respective rights of the 463 parties to divert and use water and the yield of such rights during the term hereof, this Settlement 464 Contract places a limit on the Contract Total to be diverted annually by the Contractor during the 465 Settlement Contract term and segregates it into Base Supply and Project Water shall not 466 jeopardize the rights or position of either the United States or the Contractor's shareholders with regard to their respective water rights or the yield thereof at all times after the Settlement 467 468 Contract terminates. It is further agreed that the Contractor at all times will first use water to the 469 use of which its shareholders are entitled by virtue of their own water rights, and neither the 470 provisions of this Settlement Contract, action taken thereunder, nor payments made thereunder to 471 the United States by the Contractor shall be construed as an admission that any part of the water 472 used by the Contractor's shareholders during the term of this Settlement Contract was in fact 473 water to which its shareholders would not have been entitled under their respective water rights 474 nor shall receipt of payments thereunder by the United States from the Contractor be construed as an admission that any part of the water used by the Contractor's shareholders during the term 475 476 of this Settlement Contract was in fact water to which its shareholders would have been entitled 477 under water rights owned by them.

. .

478

### MEASUREMENT OF WATER

479 10. (a) All water diverted by the Contractor or its shareholders from the
480 Sacramento River will be diverted at the existing point or points of diversion shown on Exhibit A
481 or at such other points as may be mutually agreed upon in writing by the Contracting Officer and
482 the Contractor.

483 (b) All water diverted from the Sacramento River pursuant to this Settlement Contract will be measured or caused to be measured by the United States at each point of 484 485 diversion with existing equipment or equipment to be installed, operated, and maintained by the 486 United States, and/or others, under contract with and at the option of the United States. The 487 equipment and methods used to make such measurement shall be in accordance with sound 488 engineering practices. Upon request of the Contractor, the accuracy of such measurements will 489 be investigated by the Contracting Officer and any errors appearing therein will be corrected. 490 (c)The right of ingress to and egress from all points of diversion is hereby granted to all authorized employees of the United States. The Contractor also hereby grants to 491 492 the United States the right to install, operate, maintain, and replace such equipment on diversion 493 or carriage facilities at each point of diversion as the Contracting Officer deems necessary. 494 (d) The Contractor shall not modify, alter, remove, or replace diversion facilities or do any other act which would alter the effectiveness or accuracy of the measuring 495 496 equipment installed by the United States or its representatives unless and until the Contracting 497 Officer has been notified with due diligence and has been given an opportunity to modify such 498 measuring equipment in such manner as may be necessary or appropriate. In the event of an 499 emergency the Contractor shall notify the United States within a reasonable time thereafter as to

- 1

500 the existence of the emergency and the nature and extent of such modification, alteration,

501 removal, or replacement of diversion facilities.

(e) The Contractor shall pay the United States for the costs to repair, relocate,
or replace measurement equipment when the Contractor modifies, alters, removes, or replaces
diversion or carriage facilities.

(f) Contractor and Contracting Officer shall develop a mutually agreeable
 surface water delivery water measurement program which shall be implemented by the
 Contractor, and such measurement program shall be consistent with the conservation and

508 efficiency criteria for evaluating water conservation plans as provided in Article 29(a).

509 (g) All new surface water delivery systems installed within the lands

510 delineated on Exhibit B after the effective date of this Settlement Contract shall also comply with

511 the measurement provisions described in this Article.

512

### **RULES AND REGULATIONS**

513 11. The parties agree that the delivery of Project Water for irrigation use or use of

514 Federal facilities pursuant to this Settlement Contract is subject to Federal Reclamation law,

515 including but not limited to, the Reclamation Reform Act of 1982 (43 U.S.C. 390aa et seq.), as

amended and supplemented, and the rules and regulations promulgated by the Secretary of the

517 Interior under Federal Reclamation law.

# 518 GENERAL OBLIGATION--BENEFITS CONDITIONED UPON PAYMENT

12. (a) The obligation of the Contractor to pay the United States as provided in
this Settlement Contract is a general obligation of the Contractor notwithstanding the manner in
which the obligation may be distributed among the Contractor's water users and notwithstanding
the default of individual water users in their obligations to the Contractor.

523 (b) The payment of Charges becoming due hereunder is a condition precedent 524 to receiving benefits under this Settlement Contract. The United States shall not make water 525 available to the Contractor through Project facilities during any period in which the Contractor

, e

may be in arrears in the advance payment of water Rates due the United States. The Contractor
shall not furnish water made available pursuant to this Settlement Contract for lands or parties
which are in arrears in the advance payment of water rates levied or established by the
Contractor.

- 530 (c) With respect to subdivision (b) of this Article, the Contractor shall have no
- 531 obligation to require advance payment for water Rates which it levies.
- 532

### CHARGES FOR DELINQUENT PAYMENTS

533 13. (a) The Contractor shall be subject to interest, administrative and penalty 534 charges on delinquent installments or payments. When a payment is not received by the due 535 date, the Contractor shall pay an interest charge for each day the payment is delinquent beyond 536 the due date. When a payment becomes 60 days delinquent, the Contractor shall pay an 537 administrative charge to cover additional costs of billing and processing the delinquent payment. 538 When a payment is delinquent 90 days or more, the Contractor shall pay an additional penalty 539 charge of six percent per year for each day the payment is delinquent beyond the due date. 540 Further, the Contractor shall pay any fees incurred for debt collection services associated with a 541 delinquent payment.

(b) The interest charge rate shall be the greater of the rate prescribed quarterly
in the Federal Register by the Department of the Treasury for application to overdue payments,
or the interest rate of one-half of one percent per month prescribed by Section 6 of the
Reclamation Project Act of 1939 (Public Law 76-260). The interest charge rate shall be
determined as of the due date and remain fixed for the duration of the delinquent period.

547 (c) When a partial payment on a delinquent account is received, the amount 548 received shall be applied, first to the penalty, second to the administrative charges, third to the 549 accrued interest, and finally to the overdue payment.

550

### **QUALITY OF WATER**

- 551 14. The operation and maintenance of Project facilities shall be performed in such
- 552 manner as is practicable to maintain the quality of raw water made available through such
- 553 facilities at the highest level reasonably attainable as determined by the Contracting Officer. The
- 554 United States does not warrant the quality of water and is under no obligation to construct or
- 555 furnish water treatment facilities to maintain or better the quality of water.

- 1

556 WATER AND AIR POLLUTION CONTROL 557 15. The Contractor, in carrying out this Settlement Contract, shall comply with all 558 applicable water and air pollution laws and regulations of the United States and the State of 559 California, and shall obtain all required permits or licenses from the appropriate Federal, State, 560 or local authorities. 561 EQUAL OPPORTUNITY 562 16. During the performance of this Settlement Contract, the Contractor agrees as 563 follows: 564 The Contractor will not discriminate against any employee or applicant for (a) 565 employment because of race, color, religion, sex, or national origin. The Contractor will take 566 affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action 567 shall include, but not be limited to, the following: Employment, upgrading, demotion, or 568 569 transfer; recruitment or recruitment advertising; layoff or termination, rates of payment or other 570 forms of compensation; and selection for training, including apprenticeship. The Contractor 571 agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this 572 573 nondiscrimination clause. 574 The Contractor will, in all solicitations or advertisements for employees (b) 575 placed by or on behalf of the Contractor, state that all qualified applicants will receive 576 consideration for employment without discrimination because of race, color, religion, sex, or 577 national origin. 578 (c) The Contractor will send to each labor union or representative of workers 579 with which it has a collective bargaining agreement or other contract or understanding, a notice, 580 to be provided by the Contracting Officer, advising the said labor union or workers' representative of the Contractor's commitments under Section 202 of Executive Order No. 11246 581 of September 24, 1965, as amended, and shall post copies of the notice in conspicuous places 582 583 available to employees and applicants for employment. 584 The Contractor will comply with all provisions of Executive Order No. (d) 11246 of September 24, 1965, as amended, and of the rules, regulations, and relevant orders of 585 586 the Secretary of Labor. 587 (e) The Contractor will furnish all information and reports required by said amended Executive Order and by the rules, regulations, and orders of the Secretary of Labor, or 588

589 pursuant thereto, and will permit access to its books, records, and accounts by the Contracting

590 Officer and the Secretary of Labor for purposes of investigation to ascertain compliance with 591 such rules, regulations, and orders.

(f) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this Settlement Contract or with any of the said rules, regulations, or orders, this Settlement Contract may be canceled, terminated, or suspended, in whole or in part, and the Contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in said amended Executive Order, and such other sanctions may be imposed and remedies invoked as provided in said Executive Order, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

599 The Contractor will include the provisions of paragraphs (a) through (g) in (g) every subcontract or purchase order unless exempted by the rules, regulations, or orders of the 600 Secretary of Labor issued pursuant to Section 204 of said amended Executive Order, so that such 601 provisions will be binding upon each subcontractor or vendor. The Contractor will take such 602 603 action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions for noncompliance: 604 Provided, however, that in the event the Contractor becomes involved in, or is threatened with, 605 litigation with a subcontractor or vendor as a result of such direction, the Contractor may request 606 the United States to enter into such litigation to protect the interests of the United States. 607

608

# COMPLIANCE WITH CIVIL RIGHTS LAWS AND REGULATIONS

609 17. (a) The Contractor shall comply with Title VI of the Civil Rights Act of 1964
610 (42 U.S.C. 2000d), Section 504 of the Rehabilitation Act of 1975 (P.L. 93-112, as amended), the
611 Age Discrimination Act of 1975 (42 U.S.C. 6101, et seq.) and any other applicable civil rights
612 laws, as well as with their respective implementing regulations and guidelines imposed by the
613 U.S. Department of the Interior and/or Bureau of Reclamation.

614 (b) These statutes require that no person in the United States shall, on the 615 grounds of race, color, national origin, handicap, or age, be excluded from participation in, be 616 denied the benefits of, or be otherwise subjected to discrimination under any program or activity 617 receiving financial assistance from the Bureau of Reclamation. By executing this Settlement 618 Contract, the Contractor agrees to immediately take any measures necessary to implement this 619 obligation, including permitting officials of the United States to inspect premises, programs, and 620 documents.

621 The Contractor makes this agreement in consideration of and for the (c) purpose of obtaining any and all Federal grants, loans, contracts, property discounts, or other 622 Federal financial assistance extended after the date hereof to the Contractor by the Bureau of 623 Reclamation, including installment payments after such date on account of arrangements for 624 Federal financial assistance which were approved before such date. The Contractor recognizes 625 and agrees that such Federal assistance will be extended in reliance on the representations and 626 agreements made in this Article, and that the United States reserves the right to seek judicial 627 628 enforcement thereof.

1

~:

629	MINGLING OF CONTRACTOR'S PROJECT AND NON-PROJECT WATER
630	18. (a) Project Water must of necessity be transported by the Contractor to its
631	water users by means of the same works and channels used for the transport of its non-Project
632	Water including Base Supply. Notwithstanding such mingling of water, the provisions of Article
633	11 hereof shall be applicable only to Project Water, and such mingling of water shall not in any
634	manner subject to the provisions of Article 11 hereof the Contractor's non-Project Water
635	including Base Supply.
636	(b) If required in accordance with subdivision (c) of this Article, the
637	Contractor shall install and maintain such measuring equipment and distribution facilities and
638	maintain such records as may be necessary to determine the amounts of water delivered to
639	Excess Lands served by the Contractor. The Contractor shall not within any month deliver to
640	Ineligible Lands water in excess of the non-Project Water, including Base Supply, for that
641	month. The Contracting Officer or authorized representative shall have the right at all
642	reasonable times to inspect such records and measuring equipment.
643	(c) The Contractor will not be considered in violation of the requirement that
644	Project Water be delivered only to Eligible Lands during any month of the irrigation season that
645	the water requirement for beneficial use on Eligible Lands for that month is equal to or in excess
646	of the Project Water for that month as shown on Exhibit A or any revision thereof pursuant to
647	subdivision (c) of Article 3. The water requirement for beneficial use on Eligible Lands will be
64 <b>8</b>	determined by multiplying:
649	(1) the number of irrigable acres of the particular types of crops grown
~ = 0	

650 in that year on the acreage designated as eligible by

• .

	·
651	(2) the Unit Duties as set forth in Exhibit C attached hereto and made
652	a part hereof, or by such other Unit Duties mutually agreed upon by the Contractor and the
653	Contracting Officer. In order to make the computation of the water requirement for Eligible
654	Lands, on April 1 of each Year and concurrently with its order for water for the irrigation season,
655	the Contractor shall designate the acreage of and type of crops to be grown on its Eligible Lands
656	that irrigation season. During any month the water requirement as above determined for crops
657	growing on Eligible Lands during such month is equal to or in excess of the Project Water for
658	that month as provided herein the Contractor shall not be required to measure the water delivered
659	to Excess Lands. Any month the said water requirement is less than the amount of Project Water
660	as provided herein, the Contractor will be required to measure water delivered to excess land in
661	accordance with subdivision (b) hereof.
662	BOOKS, RECORDS, AND REPORTS
663 664 665 666 667 668 669 670 671	19. The Contractor shall establish and maintain accounts and other books and records pertaining to administration of the terms and conditions of this Settlement Contract, including: the Contractor's financial transactions, water supply data, and Project land and right-of-way agreements; the water users' land-use (crop census), land ownership, land-leasing and water use data; and other matters that the Contracting Officer may require. Reports thereon shall be furnished to the Contracting Officer in such form and on such date or dates as the Contracting Officer may require. Subject to applicable Federal laws and regulations, each party to this Settlement Contract shall have the right during office hours to examine and make copies of each other's books and official records relating to matters covered by this Settlement Contract.
672	CHANGE OF PLACE OF USE OR ORGANIZATION
673	20. (a) Unless the written consent of the United States is first obtained no change
674	shall be made in the place of water use shown on Exhibit B.
675	(b) While this Settlement Contract is in effect, no change shall be made in the
676	area of the Contractor as shown on its Exhibit B, by inclusion, exclusion, annexation, or
677	detachment of lands, by dissolution, consolidation, or merger or otherwise, except upon the

۰ ،

678 Contracting Officer's written consent thereto. Such consent will not be unreasonably withheld679 and a decision will be provided in a timely manner.

680 In the event lands are annexed to or detached from the area of the (c) 681 Contractor, as provided herein, the quantity of Project Water to be diverted may be increased or 682 decreased, as may be appropriate, pursuant to a supplemental agreement to be executed in 683 respect thereto. 684 **CONSOLIDATION OF CONTRACTING ENTITIES** 685 21. Consolidation of Contractors may be approved by the Contracting Officer 686 provided: (i) the Contracting Officer approves the form and organization of the resulting entity 687 and the utilization by it of the Contract Total; and (ii) the obligations of the Contractors are 688 assumed by such entity. 689 No such consolidation shall be valid unless and until approved by the Contracting 690 Officer. 691 NOTICES 692 22. Any notice, demand, or request authorized or required by this Settlement Contract shall be deemed to have been given, on behalf of the Contractor, when mailed, postage prepaid, 693 or delivered to the Area Manager, Northern California Area Office, Bureau of Reclamation, 694 695 16349 Shasta Dam Boulevard, Shasta Lake, California 96019, and on behalf of the United States, when mailed, postage prepaid, or delivered to the Board of Directors of the Pleasant 696 697 Grove-Verona Mutual Water Company, c/o MBK Engineers, 2450 Alhambra Boulevard, 2<sup>nd</sup> Floor, Sacramento, California 95817. The designation of the addressee or the address may be 698 changed by notice given in the same manner as provided in this Article for other notices. 699 700 ASSIGNMENT LIMITED -- SUCCESSORS AND ASSIGNS OBLIGATED 701 702 23. The provisions of this Settlement Contract shall apply to and bind the (a) successors and assigns of the parties hereto, but no assignment or transfer of this Settlement 703

Contract or any right or interest therein shall be valid until approved in writing by the
 Contracting Officer.

706	(b) The assignment of any right or interest in this Settlement Contract by
707	either party shall not interfere with the rights or obligations of the other party to this Settlement
708	Contract absent the written concurrence of said other party.
709	(c) The Contracting Officer shall not unreasonably condition or withhold his
<b>7</b> 10	approval of any proposed assignment.
711	OFFICIALS NOT TO BENEFIT
712 713 714	24. (a) No Member of or Delegate to Congress, Resident Commissioner, or official of the Contractor shall benefit from this Settlement Contract other than as a water user or landowner in the same manner as other water users or landowners.
715	(b) No officer or member of the governing board of the Contractor shall
716	receive any benefit that may arise by reason of this Settlement Contract other than as a
717	landowner within the Contractor's Service Area and in the same manner as other landowners
71 <b>8</b>	within the said service area.
719	CONTINGENT UPON APPROPRIATION OR ALLOTMENT OF FUNDS
720 721 722 723 724	25. The expenditure or advance of any money or the performance of any obligation of the United States under this Settlement Contract shall be contingent upon appropriation or allotment of funds. Absence of appropriation or allotment of funds shall not relieve the Contractor from any obligations under this Settlement Contract. No liability shall accrue to the United States in case funds are not appropriated or allotted.
725	CONFIRMATION OF SETTLEMENT CONTRACT
726 727 728 729 730 731 732	26. The Contractor, after the execution of this Settlement Contract, shall promptly seek to secure a decree of a court of competent jurisdiction of the State of California, if appropriate, confirming the execution of this Settlement Contract. The Contractor shall furnish the United States a certified copy of the final decree, the validation proceedings, and all pertinent supporting records of the court approving and confirming this Settlement Contract, and decreeing and adjudging it to be lawful, valid, and binding on the Contractor. This Settlement Contract shall not be binding on the United States until such final decree has been secured.
733	UNAVOIDABLE GROUNDWATER PERCOLATION
734	27. To the extent applicable, the Contractor shall not be deemed to have delivered
735	Project Water to Excess Lands or Ineligible Lands if such lands are irrigated with groundwater

• !

736 that reaches the underground strata as an unavoidable result of the delivery of Project Water by 737 the Contractor to Eligible Lands. 738 PRIVACY ACT COMPLIANCE 739 28. (a) The Contractor shall comply with the Privacy Act of 1974 (5 U.S.C. 552a) 740 (the Act) and the Department of the Interior rules and regulations under the Act (43 CFR 2.45 et seq.) in maintaining Landholder acreage certification and reporting records, required to be 741 742 submitted to the Contractor for compliance with Sections 206 and 228 of the Reclamation 743 Reform Act of 1982 (96 Stat. 1266), and pursuant to 43 CFR 426.18. 744 (b) With respect to the application and administration of the criminal penalty 745 provisions of the Act (5 U.S.C. 552a(i)), the Contractor and the Contractor's employees 746 responsible for maintaining the certification and reporting records referenced in (a) above are 747 considered to be employees of the Department of the Interior. See 5 U.S.C. 552a(m). 748 (c) The Contracting Officer or a designated representative shall provide the 749 Contractor with current copies of the Interior Department Privacy Act regulations and the Bureau 750 of Reclamation Federal Register Privacy Act System of Records Notice (Acreage Limitation--751 Interior, Reclamation-31) which govern the maintenance, safeguarding, and disclosure of 752 information contained in the Landholder's certification and reporting records. 753 The Contracting Officer shall designate a full-time employee of the (d) Bureau of Reclamation to be the System Manager who shall be responsible for making decisions 754 755 on denials pursuant to 43 CFR 2.61 and 2.64 amendment requests pursuant to 43 CFR 2.72. The 756 Contractor is authorized to grant requests by individuals for access to their own records. 757 (e) The Contractor shall forward promptly to the System Manager each proposed denial of access under 43 CFR 2.64; and each request for amendment of records filed 758 under 43 CFR 2.71; notify the requester accordingly of such referral; and provide the System 759 760 Manager with information and records necessary to prepare an appropriate response to the 761 requester. These requirements do not apply to individuals seeking access to their own 762 certification and reporting forms filed with the Contractor pursuant to 43 CFR 426.18, unless the 763 requester elects to cite the Privacy Act as a basis for the request. 764 WATER CONSERVATION 765 29. (a) Prior to the diversion of Project Water, the Contractor shall be implementing an effective water conservation and efficiency program based on the Basin-Wide 766 767 Water Management Plan and/or Contractor's water conservation plan that has been determined 768 by the Contracting Officer to meet the conservation and efficiency criteria for evaluating water

769 conservation plans established under Federal law. The water conservation and efficiency 770 program shall contain definite water conservation objectives, appropriate economically feasible 771 water conservation measures, and time schedules for meeting those objectives. Continued 772 diversion of Project Water pursuant to this Settlement Contract shall be contingent upon the 773 Contractor's continued implementation of such water conservation program. In the event the 774 Contractor's water conservation plan or any revised water conservation plan completed pursuant 775 to subdivision (c) of Article 29 of this Settlement Contract have not yet been determined by the 776 Contracting Officer to meet such criteria, due to circumstances which the Contracting Officer 777 determines are beyond the control of the Contractor, Project Water deliveries shall be made 778 under this Settlement Contract so long as the Contractor diligently works with the Contracting 779 Officer to obtain such determination at the earliest practicable date, and thereafter the Contractor 780 immediately begins implementing its water conservation and efficiency program in accordance 781 with the time schedules therein. 782

(b) The Contractor shall submit to the Contracting Officer a report on the
status of its implementation of the water conservation plan on the reporting dates specified in the
then existing conservation and efficiency criteria established under Federal law.

(c) At five-year intervals, the Contractor shall revise its water conservation
plan to reflect the then current conservation and efficiency criteria for evaluating water
conservation plans established under Federal law and submit such revised water management
plan to the Contracting Officer for review and evaluation. The Contracting Officer will then
determine if the water conservation plan meets Reclamation's then current conservation and
efficiency criteria for evaluating water conservation plans established under Federal law.

791 (d) If the Contractor is engaged in direct groundwater recharge, such activity 792 shall be described in the Contractor's water conservation plan. 793 (e) In order to provide incentives for water conservation, the Contractor may 794 reduce the amount of Project Water for which payment is required under Article 8(a) in 795 accordance with the provisions of this Article 29(e). 796 (1)On or before February 15 of any Water Year, the Contractor may file with Reclamation an offer to reduce Project Water use, hereinafter referred to as Offer. The 797 798 Offer shall specify the maximum quantity of Project Water to be diverted by the Contractor for 799 each month that Project Water is available for that Water Year under this Settlement Contract. 800 The Contracting Officer shall provide the Contractor with a decision, in writing, to the Offer on or before March 15 of that Water Year. The dates specified in this Article 29(e)(1) can be 801 802 changed if mutually agreed to, in writing, by the Contractor and Contracting Officer. 803 (2)If Reclamation accepts the Offer, the Contractor's payment 804 obligation under Article 8(a)(1) shall be reduced to the maximum quantity of Project Water to be 805 diverted by the Contractor as specified in the Offer. The Contractor shall not divert Project Water in excess of the quantities set forth in the Offer; Provided, however, if the Contractor's 806 807 diversions of Project Water exceed the quantities set forth in the Offer, the Contractor shall pay 808 to Reclamation the applicable Rates and Charges plus an amount equal to the applicable Rates 809 and Charges, unadjusted for ability to pay, for each acre-foot of Project Water diverted in excess 810 of the quantities set forth in the Offer. 811 (3) If Reclamation decides not to accept the Offer, the Contractor's 812 payment obligation will remain as specified in Article 8(a)(1).

813	(4) The provisions of this Article 29(e) shall be in addition to and shall			
<b>8</b> 14 <sub>.</sub>	not affect the provisions of Article 3(e) pertaining to the sale, transfer, exchange, or other			
815	disposal of the Contract Total designated in Exhibit A.			
816	<b>OPINIONS AND DETERMINATIONS</b>			
817	30. (a) Where the terms of this Settlement Contract provide for actions to be			
818	based upon the opinion or determination of either party to this Settlement Contract, said terms			
819	shall not be construed as permitting such action to be predicated upon arbitrary, capricious, or			
820	unreasonable opinions or determinations. Both parties, notwithstanding any other provisions of			
821	this Settlement Contract, expressly reserve the right to seek relief from and appropriate			
822	adjustment for any such arbitrary, capricious, or unreasonable opinion or determination. Each			
823	opinion or determination by either party shall be provided in a timely manner. Nothing in			
824	subdivision (a) of Article 30 of this Settlement Contract is intended to or shall affect or alter the			
825	standard of judicial review applicable under Federal law to any opinion or determination			
826	implementing a specific provision of Federal law embodied in statute or regulation.			
827	(b) The Contracting Officer shall have the right to make determinations			
828	necessary to administer this Settlement Contract that are consistent with the provisions of this			
829	Settlement Contract, the laws of the United States and of the State of California, and the rules			
830	and regulations promulgated by the Secretary of the Interior. Such determinations shall be made			
831	in consultation with the Contractor to the extent reasonably practicable.			
832	CONTRACTOR TO PAY CERTAIN MISCELLANEOUS COSTS			
833	31. (a) In addition to all other payments to be made by the Contractor pursuant to			
834	this Settlement Contract, the Contractor shall pay to the United States, within 60 days after			
835	receipt of a bill and detailed statement submitted by the Contracting Officer to the Contractor for			

е. у <u>т</u>

. .

836	such specific items of direct cost incurred by the United States for work requested by the
837	Contractor associated with this Settlement Contract plus indirect costs in accordance with
838	applicable Bureau of Reclamation policies and procedures. All such amounts referred to in this
839	Article shall not exceed the amount agreed to in writing in advance by the Contractor. This
840	Article shall not apply to costs for routine contract administration.
841	(b) All advances for miscellaneous costs incurred for work requested by the
842	Contractor pursuant to Article 31 of this Settlement Contract shall be adjusted to reflect the
843	actual costs when the work has been completed. If the advances exceed the actual costs incurred,
844	the difference will be refunded to the Contractor. If the actual costs exceed the Contractor's
845	advances, the Contractor will be billed for the additional costs pursuant to Article 31 of this
846	Settlement Contract.
847	WAIVER OF DEFAULT
848	32. The waiver by either party to this Settlement Contract as to any default shall not
849	be construed as a waiver of any other default or as authority of the other party to continue such
850	default or to make, do, or perform, or not to make, do, or perform, as the case may be, any act or
851	thing which would constitute a default.

852

IN WITNESS WHEREOF, the parties hereto have executed this Settlement Contract

853 as of the day and year first hereinabove written.

### RESOLUTION NO. 02-28-05

#### RESOLUTION APPROVING LONG-TERM RENEWAL OF CONTRACT BETWEEN THE UNITED STATES AND PLEASANT GROVE-VERONA MUTUAL WATER COMPANY, DIVERTER OF WATER FROM SACRAMENTO RIVER SOURCES, SETTLING WATER RIGHTS DISPUTES AND PROVIDING FOR PROJECT WATER

WHEREAS Pleasant Grove-Verona Mutual Water Company (the "Company") has, since 1964, held a water rights settlement contract with the United States Department of the Interior, Bureau of Reclamation ("Reclamation") bearing Contract No. 14-06-200-5520A (the "Original Contract").

WHEREAS the Original Contract would have expired on March 31, 2004.

WHEREAS in advance of that expiration, the Company and Reclamation entered into negotiations for a long-term renewal of the Original Contract.

WHEREAS by Act of Congress, the Original Contract was extended for a period of two years, because the negotiations and related procedures had not been completed by March 31, 2004.

WHEREAS the negotiations and related procedures have now been completed, and Reclamation has presented to the Company the agreed-upon final form of renewal contract bearing Contract No. 14-06-200-5520A-R1 (the "Renewal Contract").

WHEREAS the Board of Directors of the Company finds and determines that it is in the best interest of the Company to approve the Renewal Contract and to authorize the staff of the Company to carry out any actions necessary to implement the Renewal Contract.

NOW, THEREFORE, BE IT RESOLVED that:

1. The Board of Directors of the Company hereby approves the Renewal Contract between Reclamation and the Company.

2. Brett Scheidel, President, and Nicoli Nicholas, Secretary, are authorized and directed to execute the Renewal Contract on behalf of the Company.

657887.3

3. The Staff of the Company are authorized and directed to take any other action necessary to implement the terms of the Renewal Contract.

PASSED AND ADOPTED by vote of the Board of Directors on <u>FEB. 28</u>, 2005.

B

Brett Scheidel President, Board of Directors

#### CERTIFICATION

I, Nicoli Nicholas, certify that I am, and at all times mentioned herein was, the duly appointed, qualified and acting Secretary of the Pleasant Grove-Verona Mutual Water Company, a corporation organized and existing under and by virtue of the laws of the State of California; that the foregoing is a full, true and correct copy of a Resolution duly and regularly adopted at a meeting of the Board of Directors of said Company duly and specially held the <u>28</u> day of *Leasary* 200  $\leq$ , a majority and quorum of the members of said Board being present and voting in favor of said Resolution; and that said Resolution has not been modified, rescinded, altered or amended and is now in full force and effect.

WITNESS my hand this  $\frac{23}{2}$  day of February, 2005.

Nicoli Nicholas

Secretary, Board of Directors
