

NOTICE TO STATE WATER PROJECT CONTRACTORS**Date:** NOV 29 2012**Number:** 12-11**Subject:** 2013 State Water Project Initial Allocation – 30 Percent**From:**

A handwritten signature in blue ink, appearing to read "Carl A. Torgersen", written over a horizontal line.

Carl A. Torgersen
Deputy Director
Department of Water Resources

The Department of Water Resources (DWR) is initially approving 1,251,721 acre-feet of Table A water for long-term State Water Project (SWP) contractors in 2013. SWP supplies are projected to meet 30 percent of SWP contractors' requests for Table A water, which totals 4,172,396 acre-feet. Attached is the initial 2013 SWP allocation table.

This allocation is made consistent with the long-term water supply contracts and public policy. DWR considered several factors, including existing storage in SWP conservation reservoirs, SWP operational constraints such as the conditions of the recent Biological Opinions for Delta smelt and salmonids and the longfin smelt incidental take permit, and 2013 contractor demands. DWR may revise allocations if warranted by the year's developing hydrologic and water supply conditions.

Based on this initial allocation, DWR will use the 30 percent delivery schedules submitted by the contractors earlier this year in developing new schedules, unless revised schedules are submitted. DWR will send an approved monthly water delivery schedule to each long-term contractor in December.

If you have any questions or need additional information, please contact Robert Cooke, Chief of DWR's State Water Project Analysis Office, at (916) 653-4313.
