RE: COMMENT LETTER – DRAFT DELTA FLOW CRITERIA REPORT

Dear Ms. Townsend,

I'm writing this letter on behalf of Northern California/Nevada Council of the Federation of Fly Fishers to support the draft Delta Flow Criteria Report released on July 20, 2010. We sincerely appreciate being given the opportunity to review and provide comments as necessary.

After reviewing this report, I must say that, although I was quite shocked to learn of the reported historical flows for the past 18-22 years, I am very pleased with the recommendations contained in the report. They are clearly based on scientific facts and consider all species which reside in the Bay-Delta estuary.

We truly look forward to seeing these recommendations become the Delta's future reality.

Sincerely,

Robin Egan, Director
Northern California Council,
Federation of Fly Fishers
