SUBJECT: Comment Letter – Emergency Conservation Regulation

Honorable Water Resources Control Board Members:

Dublin San Ramon Services District (DSRSD) offers the following comments on the proposed Emergency Regulation pertaining to Drought Emergency Water Conservation which the Board is scheduled to discuss on May 5th and May 6th:

The “sunset date” for the proposed Emergency Conservation Regulation. It could be inferred that the sunset date is February of 2016, but this is not made explicit. DSRSD recommends that Article 22.5, Section 865 (d) (1) be modified from:

Beginning June 1, 2015, each urban water supplier shall comply with the conservation standard specified in subdivision (c).

to the following new text:

Beginning June 1, 2015 and continuing until the earlier of February 29, 2016 or the date when the Governor's Executive Order may be terminated, each urban water supplier shall comply with the conservation standard specified in subdivision (c).

If you have any questions, or need additional information, please contact DSRSD's Engineering Services Manager, Dan McIntyre, at (925) 875-2244 or at mcintyre@dsrdsd.com

Sincerely,

Bert Michalczyk
General Manager
