Hello

I live in Orange Cove, a town on the east side of the Valley. Our town is a Friant Water user as are the farms in our area. Friant has received a zero allocation for two years and the results in our community are catastrophic. Employers, employees, stores, schools, businesses and peoples lives are being hurt. It is sad to see every day, every single day. I wish you could come visit to it yourself, you would be shocked.  
Please help us

Yours truly

Loren Booth

30004 East American Ave

Orange Cove, Ca. 93646
