

## Computer Access Locations (Russian River Tributaries Emergency Regulation)

The following locations have computers with an internet connection available to the public, which could be used by individuals without personal computer access in order to respond to Informational Orders that may be issued by the State Water Resources Control Board under the Russian River Tributaries Emergency Regulation. To make most efficient use of time, if an Informational Order is issued, individuals are encouraged to print a blank copy of the Informational Order form and complete the form in hardcopy prior to using the public computer to submit their responses. **Locations are listed alphabetically below; a map is provided on the last page.**
