Report Management System

### Welcome to the Electronic Water Rights Management System Report Management System – eWRIMS RMS

The eWRIMS RMS is a user account and password protected system. A valid user account and password is needed to access the system. If you are a water right holder, the Division has mailed login information and instructions for accessing the system for filing your report online.

#### Login Options:

- **Login Without an Account** (recommended for reporting single water rights)

**User ID:** Use the Water Right ID associated with your Water Right. The Water Right ID is the Application, Statement or Recordation number for the water right (e.g., A123456; S123456; G123456).

**Password:** Use the Water Right Reporting Identifier for your water right. The Reporting Identifier can be found on the notice sent to you by the Water Board.

- **Login With an Account** (recommended for reporting multiple water rights)

**New Users:** [Create an account here](#). You will need the Water Right IDs (e.g., A123456; S123456; G123456) and the Reporting Identifiers associated with your water rights. This information can be found on the notices sent to you by the Water Board.

**Users with an Existing Account:** Use the email address and password you provided when you created your account as the User ID and Password.

Need assistance logging in or setting up an account? Call 866-792-4977 or email [ewrims@waterboards.ca.gov](mailto:ewrims@waterboards.ca.gov)

To set up an Account for the first time, click the link “Create an account here” on the main RMS login page. It will take you to a form where you can fill out the basic information and choose your own password. Reporters with multiple water rights are encouraged to use the account access system. For water users with only one water right account, they may continue to log into the system without setting up an account.

**Water Right Verification**

Please enter the Water Right ID and Reporting Identifier of one of your water rights. This water right will be added to your account. If you have additional water rights to add, you may do so after logging in.

Water Right ID

Reporting Identifier

Water Right users who only have a single water right to report, may log into the system without creating a report. They would simply use their Application ID and the corresponding reporting identifier as the password. Water Right users will have received a copy of their new reporting identifier in the mail.
