Re: Comment Letter – 12/02/08 Board Meeting: Auburn Dam Project Draft Order

Dear State Water Resources Control Board:

Protect American River Canyons (PARC) supports the prompt adoption of the Draft Order Revoking Water Right Permits 16209, 16210, 16211, and 16212 held by the U.S. Bureau of Reclamation. The Draft Order clearly and compellingly states the case for why the permits should be revoked.

The Board is to be commended for protecting the integrity of California's water rights system by undertaking this action.

Sincerely,

Timothy Woodall  
President
