PROFESSIONAL EXPERIENCE

Water Demand Manager, Monterey Peninsula Water Management District, Monterey, California. July 1994 to present. Manage and coordinate all MPWMD activities related to water conservation and demand; identify and propose changes to policies or programs, including formulating policy, writing ordinances and proposals, implementing programs, and monitoring and evaluating the effectiveness of programs and ordinances related to water conservation and water demand management; review and analyze growth projections and water demand projections as they relate to water supply management; and represent MPWMD and serve as a technical advisor to MPWMD staff and Board, local and regional professional planning staff, and environmental consultants. Manage staff of five and a budget of \$1.218 million.

Planning Technician/Water Demand Supervisor, Monterey Peninsula Water Management District, Monterey, California, September 1990 to July 1994. Highly diverse position overseeing regional water permit and conservation laws. Began supervising office staff in November 1992 following reduction in force. Evaluated architectural drawings for compliance with laws and issued permits for residential, commercial, industrial and governmental projects. Prepared variance and appeal responses and presented recommendations to Board of Directors. Implemented correction procedures for code violations. Monitored water demand resulting from permits issued in the area to avoid depletion of existing resources. Designed computer database system for tracking permits with cross-reference to conservation database.

Conservation Representative II, Monterey Peninsula Water Management District, Monterey, California, July 1988 to September 1990. Inspected properties for compliance with regional permit and conservation laws. Administered program for correction of violations. Promoted conservation to area businesses, governmental agencies and local special-interest groups. Designed and implemented computer database for tracking and recording District-wide property transfers and inspections. Provided permitting assistance to Planning Technician.

Surveyor, Graham Matthews & Associates, Carmel Valley, California. December 1993 to February 1995. Operated surveyor's level and Pentax PTS-10 Total Station & SC-5 Data Collector to obtain measurements of elevation and distance for hydrologic studies. Recorded field data and input in spreadsheet for assessment. Experience includes surveys of Anza Borrego State Park, Santa Rosa Preserve, Calaveras Big Trees State Park and Upper Truckee River.

Training Technician. Testing and Evaluation Division, Defense Language Institute, Presidio of Monterey, California. January 1985 to July 1988. Used various computer programs to manage Department of Defense foreign language speaking proficiency records. Recorded and reported scores to military installations throughout the world. Scheduled local testing and world-wide telephonic tests with test applicant and multi-cultural testing workforce. Received, controlled and inventoried foreign language test materials requiring special handling. Provided staff training on several computer systems and programs. Utilized numerous computer systems for statistical input, analytical queries, preparation of charts, tables, graphs and word

STEPHANIE PINTAR

processing. Researched and compiled statistical data related to foreign language instruction and individual foreign language skill development. Administered foreign language tests to large groups of students. Received certified and restricted test materials, inventoried and maintained restricted foreign language tests from world-wide testing offices maintaining test security, including access privileges and control of test material.
