

LATE COMMENT

March 11, 2015

Jeanine Townsend, Clerk to the Board
State Water Resources Control Board
1001 I Street, 24th Floor
Sacramento, CA. 95814

Dear Ms. Townsend:

This letter is to convey my support for the Imperial Irrigation District petition regarding the Salton Sea. My name is Elizabeth Swerdfeger, I'm a resident of the City of Westmorland, and a mother of (3) children. I plead that the State Water Resources Control Board continue to work with the IID and all interested parties to restore the Salton Sea. I have a child that suffers from asmtha. As parents we have tried at all cost to shield him from different elements that trigger an asmtha attack; in the past we've gone to the extend of homeschooling my child so that he continue to get an education. We have chosen not to isolate our child, therefore we have reinstated him back into a public school. Since, going back to school my child has been send home several times from school and has unfortunately, visited the hospital more times than most of us have in a lifetime.

The Salton Sea is my backyard and its deterioration affects my family and community. I ask that you please continue to look for a resolution; as we would love to continue to live in this valley that is a strong source of agriculatural for our country as well as a wonderful close nit community we call our home.

Thank you in behalf of myself and my family for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Swerdfeger".

Elizabeth Swerdfeger
