LEARN MORE ABOUT DRINKING WATER IN TEVISTON COMMUNITY SERVICES DISTRICT (TEVISTON CSD)
ON NOVEMBER 3, 2021 AT 6:00 P.M. VIRTUAL PARTICIPATION ONLY.

WHAT'S GOING ON?

The State Water Board invites you to participate in a conference call/virtual public meeting to discuss the designation of Teviston Community Services District (Teviston CSD) as a public water system in need of an administrator. An Administrator is a person or entity that is appointed to manage a water system to provide safe and affordable drinking water. This public meeting is to provide information on the current status of drinking water in Teviston CSD, and the purpose and role of an administrator, as well as ask questions and provide public comments to the State Water Board.

This meeting is part of the Safe and Affordable Funding for Equity and Resilience (SAFER) program. The SAFER program was designed to ensure Californians who lack safe and affordable drinking water receive it as quickly as possible. The SAFER program is helping water systems achieve this goal through a set of tools, funding sources, and regulatory authorities, such as the appointment of an Administrator.
