LEARN MORE ABOUT DRINKING WATER IN LOS MOLINOS ON **JANUARY 13, 2021, 6:00–8:00 PM**
VIRTUAL PARTICIPATION ONLY

WHAT'S GOING ON?

The State Water Board invites you to a virtual public meeting to learn about the mandatory consolidation process to combine Norcal Water Works with Del Oro Water Company—Larkspur Meadows (Del Oro). Mandatory consolidation will result in the operational consolidation of Norcal Water Works with Del Oro. Norcal Water Works will no longer act as an independent water system and will be owned and operated by Del Oro. The purpose of this meeting is to provide information on the current status of drinking water in the Norcal Water Works and the mandatory consolidation process.

This meeting is part of the Safe and Affordable Funding for Equity and Resilience (SAFER) program. The SAFER program was designed to ensure Californians who lack safe and affordable drinking water receive it as quickly as possible. The SAFER program is helping water systems achieve this goal through a set of tools, funding sources, and regulatory authorities, such as mandatory consolidation with another water system.
