AGENDA

The Los Angeles Regional Water Quality Control Board (Los Angeles Water Board or Board) strives to conduct an accessible, orderly, and fair meeting. The Chair of the Board will conduct the meeting and establish appropriate rules and time limitations for each agenda item. The Board will only act on items designated as action items. Action items on the agenda are staff proposals and may be modified by the Board as a result of public comment or Board member input. Additional information about Board meeting procedures is included after the last agenda item.

Generally, the Board accepts oral comments at the meeting on agenda items and accepts written materials regarding some agenda items in advance of the meeting. Details regarding opportunities for public comment were provided in individual public notices for the agenda items. Failure to follow the required procedures in these individual public notices may result in your materials being excluded from the administrative record; however, failure to timely submit written materials does not preclude a person from testifying before the Board.

If a person intends to use a PowerPoint presentation or other visual aids, they must be received by the Los Angeles Water Board's IT Department, to the attention of Alfredo.Duran@waterboards.ca.gov at least 48 hours prior to the meeting, unless otherwise stated. Presentations submitted after the deadline will not be accepted.

Note that public comments on agenda items will be limited to 3 minutes or less unless directed otherwise by the Board Chair or previously approved by the Executive Officer in writing. Depending on the number of speakers and the time available, the Board Chair retains the discretion to limit the time to less than 3 minutes for each person to speak. **Unless otherwise stated for a specific agenda item, persons requesting more than 3 minutes to speak on an agenda item must make the request via the registration link: <https://forms.office.com/g/TGETQ12LKZ> not later than 5:00 p.m., March 16, 2023.** Timely requests will be evaluated by the Chair and the time granted will be communicated in advance of the meeting. Persons not requesting additional time to speak may register via the link above at any time before or during the Board meeting but are encouraged to register at the earliest opportunity. Commenters will generally be taken in the order of the receipt of the speaker registration form.

NOTES ON AGENDA

Ex Parte Communications

An ex parte communication is a communication to a board member from any person, about a pending matter, that occurs in the absence of other parties and without notice and opportunity for them to respond. The California Government Code prohibits the board members from engaging in ex parte communications during permitting, enforcement, and other “quasi-adjudicatory” matters. Ex parte communications are allowed on pending general orders (such as general waste discharge requirements, general waivers, and general Clean Water Act section 401 water quality certifications) subject to the disclosure requirements of Water Code section 13287 (for further information and disclosure forms, please visit http://www.waterboards.ca.gov/losangeles/laws_regulations/). The Los Angeles Water Board discourages ex parte communications during rulemaking and other “quasi-legislative” proceedings. The ex parte rules are intended to provide fairness, and to ensure that the board’s decisions are transparent, based on the evidence in the administrative record, and that evidence is used only if stakeholders have had the opportunity to hear and respond to it. Ex parte rules do not prevent anyone from providing information to the water boards or requesting that the water boards take an action. They simply require that the information come into the record through proper channels during a duly noticed, public meeting. A board member who has engaged or been engaged in a prohibited ex parte communication will be required to publicly disclose the communication on the record and may be disqualified from participating in the proceeding. For more information, please look at the ex parte questions and answers document found at www.waterboards.ca.gov/laws_regulations/docs/exparte.pdf.

Procedures

The Los Angeles Water Board follows procedures established by the State Water Resources Control Board. These procedures are established in regulations commencing with section 647 of title 23 of the California Code of Regulations. The Chair may establish specific procedures for each item, and consistent with section 648, subdivision (d), of title 23 of the California Code of Regulations may waive non-statutory provisions of the regulations. Generally, all witnesses testifying before the Los Angeles Water Board must affirm the truth of their testimony and are subject to questioning by the Board Members. The Board does not, generally, require the designation of parties, the prior identification of witnesses, or the cross examination of witnesses. Generally, speakers are allowed three minutes for comments. Any requests for an alternate hearing process, such as requesting additional time to make a presentation, should be made to the Executive Officer in advance of the meeting, and under no circumstances later than 5:00 p.m. on the Thursday preceding the Board meeting. The provisions of this paragraph shall be deemed superseded to the extent that they are contradicted by a hearing notice specific to an agenda item.

Written Submissions

Written materials (whether hand-delivered, mailed, e-mailed, or facsimiled) ***must be received by the relevant deadline*** established in the agenda or public notice for an item.

If the submitted material is more than 10 pages or contains foldouts, color graphics, maps, or similar items, 12 copies must be submitted prior to the relevant deadline. Failure to comply with requirements for written submissions is grounds for the Chair to refuse to admit the proposed written comment or exhibit into evidence. (Cal. Code Regs., tit. 23, § 648.4, sub. (e).) The Chair may refuse to admit written testimony into evidence unless the proponent can demonstrate why he or she was unable to submit the material on time or that compliance with the deadline would otherwise create a hardship. In an adjudicatory matter, where there is a showing of prejudice to any party or the Board from admission of the written testimony, the Chair may refuse to admit it.

Administrative Record

Presentation materials used as part of testimony must be left with the Board. All Board files pertaining to the items on this Agenda are hereby made a part of the record submitted to the Los Angeles Water Board by staff for its consideration prior to action on the related items.

Accessibility

Individuals requiring special accommodations or language needs should contact Rosie Villar at (213) 576-6611 or Rosie.Villar@waterboards.ca.gov at least ten working days prior to the meeting. TTY/TDD Speech-to-Speech users may dial 7-1-1 for the California Relay Service.

Availability of Complete Agenda Package

A copy of the complete agenda package is available for examination by appointment at the Los Angeles Water Board Office during regular working hours (8:00 a.m. to 5:00 p.m. Monday through Friday) prior to the Board meeting. Questions about specific items on the agenda should be directed to the staff person whose name is listed with the item.

Continuance of Items

The Board will endeavor to consider all matters listed on this agenda. However, time may not allow the Board to hear all matters listed, including Public Forum. Matters not heard at this meeting may be carried over to the next Board meeting or to a future Board meeting. Parties will be notified in writing of the rescheduling of their item. Please contact the Los Angeles Water Board staff to find out about rescheduled items.

Challenging Los Angeles Water Board Actions

Pursuant to Water Code section 13320, any aggrieved person may file a petition to seek review by the State Water Resources Control Board of most actions taken by the Los Angeles Water Board. A petition must be received by State Water Resources Control Board, Office of Chief Counsel, Attention: Adrianna Crowl, 1001 I Street, 22nd Floor, Sacramento, CA, 95814, within 30 days of the action. Instructions for filing water quality petitions are located on the State Water Resources Control website at https://www.waterboards.ca.gov/public_notices/petitions/water_quality/wqpetition_instr.s.html
