SUBJECT OF WORKSHOP

The State Water Resources Control Board (State Water Board) will accept comments regarding a draft Cease and Desist Order against California American Water (Cal-Am) for the unauthorized diversion and use of water from the Carmel River in Monterey County. A quorum of the State Water Board members may be present. After receiving the comments, the members may provide direction to staff regarding changes to the draft. The draft order can be found at:

http://www.waterboards.ca.gov/waterrights/water_issues/programs/hearings/caw_cdo/.

BACKGROUND

Cal-Am diverts water from the Carmel River in Monterey County, California in order to supply the residential, municipal, and commercial needs of Monterey Peninsula area communities. In 1995 the State Water Board adopted Order WR 95-10 (Order 95-10). Among other matters, the order found that Cal-Am was diverting about 10,730 acre feet annually (afa) of water from the Carmel River without a valid basis of right and directed that Cal-Am should diligently implement actions to terminate its unlawful diversion.

California Environmental Protection Agency

On January 15, 2008, the Assistant Deputy Director for Water Rights issued a notice of proposed cease and desist order (CDO) to Cal-Am. The draft CDO sought to compel Cal-Am to reduce the unauthorized diversions by specified amounts each year starting in water year 2008-09 and continuing through water year 2014.

On February 4, 2008, Cal-Am sent a letter to the State Water Board's Division of Water Rights objecting to the draft CDO and requested a hearing pursuant to the procedure established under California Water Code section 1834.

On April 1, 2008, the State Water Board held a public hearing in Monterey to receive public policy statements from anyone concerned with the draft CDO. Seven days of evidentiary proceedings were held in Sacramento, California on June 19 and 20; on July 23, 24, and 25; and on August 7 and 8, 2008 in order receive evidence relevant to determining whether to adopt, with or without revision, the draft CDO.

PROCEDURAL MATTERS

At the workshop there will be no sworn testimony or cross-examination of participants, but the State Water Board and its staff may ask clarifying questions. Participants should submit written comments prior to the workshop. At the workshop, participants will be given an opportunity to summarize and supplement their written materials with oral presentations.
