**Attachments:** DFG Panelists.docx

Dr. Brock Bernstein:

The Department of Fish and Game submits for consideration the attached list of panelists for the Public Workshops for Phase II of the Comprehensive Review and Update to the Bay-Delta Plan. This list is intended to be a full list of experts that the Department may request to call upon to speak at the Public Workshops. It does not reflect the Department's expectations of who will be chosen to sit at the panels.

We are committed to work with you and the Water Board staff in forming an effective panel for presenting scientific and technical information to Water Board. Please contact me if you have any questions.
