

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 87- 83

AUTHORIZATION FOR THE EXECUTIVE DIRECTOR TO SIGN THE MEMORANDUM OF AGREEMENT (MOA) WITH THE DEPARTMENT OF HEALTH SERVICES (DHS) TO IMPLEMENT THE UNDERGROUND STORAGE TANK (UST) CLEANUP PILOT PROGRAM AND TO NEGOTIATE AND EXECUTE AN INTERAGENCY AGREEMENT TO PROVIDE NECESSARY FUNDING.

WHEREAS:

1. To date over 4,000 leaking UST sites have been identified in California.
2. To help address this problem, DHS will transfer \$7,500,000 from the State Hazardous Substance Cleanup Bond Fund as authorized in the Fiscal Year (FY) 1987-88 Budget Act to the State Water Resources Control Board (State Board), to fund a Pilot Program whereby local implementing agencies will oversee the site assessment, investigation and cleanup of leaking USTs by responsible parties.
3. The State Board shall select only those local implementing agencies for participation in the Pilot Program which, unless exempted, have implemented the provisions of Chapter 6.7 of the Health and Safety Code and which have begun to collect and transmit to the State Board the surcharge fees pursuant to subdivision (b) of Section 25287 of the Health and Safety code.
4. The State Board shall not enter into an agreement with a local implementing agency for soil contamination cleanup or for groundwater contamination cleanup unless the State Board determines that the local implementing agency has demonstrated capability to oversee cleanup.
5. In order to implement the Pilot Program, the State Board will enter into a MOA and enter into an interagency agreement with DHS.

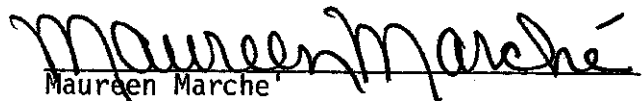

THEREFORE BE IT RESOLVED:

1. That the State Board authorizes the Executive Director or his designee to sign the MOA with DHS.

2. That the State Board authorizes the Executive Director or his designee to negotiate and to execute an interagency agreement and amendments thereto with DHS for \$7,500,000 for FY 1987-88, after obtaining the necessary administration approvals.
