INTEGRATED WATERSHED PROGRAM (SCIWP) ESTABLISHED IN THE
COSTA-MACHADO WATER ACT OF 2000 (2000 BOND ACT)

WHEREAS:

1. The 2000 Bond Act authorized \$235 million in the SCIWP for the State Water Resources Control Board (SWRCB) to allocate to SAWPA for projects to rehabilitate and improve the Santa Ana River Watershed.
2. SAWPA seeks \$1,000,000 in SCIWP funding for the JCSO Chino I-Chino II Desalter Intertie Project pursuant to a management and administration contract with the SWRCB approved by the Department of General Services on February 8, 2000.
3. The project is consistent with the SCIWP goals of basin water banking, contaminant and salt removal through reclamation and desalting, programs for water conservation and efficiency, and storm water capture and management, and are described in detail in the Attachment 1.
4. A Notice of Determination for the Chino Basin Optimum Basin Management Plan Environmental Impact Report (EIR), which includes the Chino I Desalter expansion and the Chino II Desalter Project, was filed with the Office of Planning and Research on July 13, 2000 (State Clearing House No. 2000041047) pursuant to the California Environmental Quality Act (CEQA).
5. A Notice of Determination for the Chino Basin Optimum Basin Management Plan Subsequent Environmental Impact Report (SEIR), which further addresses this project, was filed by the lead agency with the Office of Planning and Research on January 25, 2002 (State Clearing House No. 2001101124).
6. SWRCB concurs with findings made in the EIR, the SEIR and the mitigation measures to be implemented in the Mitigation and Monitoring Program (Attachment 2) established for the SEIR.

THEREFORE BE IT RESOLVED THAT:

The SWRCB:

Authorizes the Executive Director or designee to negotiate, execute, and amend a contract with SAWPA to fund the JCSD Chino I-Chino II Desalter Intertie Project for a total of \$1,000,000 from SCIWP.

- 2 Requires that water quality mitigation and monitoring measures identified in the CEQA process be included in the contract for the subject project.
