(D) The California Department of Fish and Wildlife, after coordination with the National Marine Fisheries Service, may propose that the Deputy Director implement, for a limited amount of time ~~not to exceed two weeks~~, alternative flows at the Yreka gage to gather ~~temperature and other~~ information to evaluate whether such alternative flows ~~provide equal or better protection for the pertinent species' relevant life stages~~ ~~can improve fishery conditions~~. If such alternative flows are higher than the flows described in subsection (c)(2)(A), the proposal requires agreement from affected water right holders.
