**Subject:** Cambria's Sustainable Water Facility (SWF)

March 4, 2019

Mr. Jon Rokke  
  
Water Resource Control Engineer  
  
Central Coast Water Board

Dear Mr. Rokke,

As long-time Cambria property owners we are writing to express our very strong support for the RWQCB's proposed revisions to the Cambria Emergency Water Supply (draft updated Order No. R3-2014-0050).

All the proposed changes will help to ensure the health and safety of Cambria's current residents. At the same time the proposed revisions will improve the long-term prospects for Cambria's future development in a responsible and sustainable way.

We earnestly hope that the RWQCB will approve the proposed revisions at its forthcoming meeting in May. They are very much needed.

Sincerely yours,

Allen and Barbara Choate
