RE:CAMBRIA COMMUNITY SERVICES DISTRICT, SAN LUIS OBISPO COUNTY -

HEARING NOTICE AND AVAILABILITY OF PROPOSED UPDATE OF WASTE DISCHARGE AND WATER RECYCLING REQUIREMENTS ORDER NO. R3-2014-0050

Hi Jon,

Greenspace has received numerous calls of concern the past week regarding the CSD project overall and this order in particular. As you may know, our Exec. Director is out on disability so I have been working almost full time at the Greenspace offices since January 10th of this year.

Greenspace has been very concerned about the changing nature of this CSD project and would like to request more time to review these orders, send them to others for comment, and make comments on our own.

We would very much appreciate it if this item were delayed until we have a chance to comment. If that is not possible, please let me know as soon as possible.

Thanks,

Mary Webb, President
Greenspace-the Cambria Land Trust
