Subject: Cambria water system update

Sir, please take notice of the serious nature of Cambria's need for completion of our water project. It is imperative that it move forward, not just for daily needs, but for fire protection. As we have seen all over California, fire will eventually hit Cambria and without adequate water resources we will not be able to defend against it.

Thanks for your attention.

Marklandgreen,
215 Bryan pl
Cambria
