Subject: Comments Letter - Cambria WDR Update - RE: NOTICE OF DOCUMENT AVAILABILITY – DRAFT STAFF REPORT FOR PROPOSED UPDATE OF CAMBRIA CSD’S EMERGENCY WATER SUPPLY WASTE DISCHARGE REQUIREMENTS AND WATER RECYCLING REQUIREMENTS ORDER NO. R3-2014-0050

Follow Up Flag: Follow up
Flag Status: Flagged

Dear Mr. Rokke:

I am writing on behalf of the hundreds of owners of vacant homesites in Cambria. We have all been waiting for decades now for Cambria CSD to resolve its water supply issues and start again to allow new water and sewer connections. The Emergency Water Supply Project is a critical step in the right direction as part of the CCSD Water Master Plan, so it is very important to all of us that this project be allowed to go forward and operate. To that end, we are asking that your board follow the staff recommendation and adopt Order No. R3-2014-0050, allowing the change in how effluent is disposed of, and therefore allowing the plant to continue to operate and provide drought protection to the community.

We thank you and your staff for your support in this matter.

Best regards,

Deryl Robinson
President, United Lot Owners of Cambria
