Dear Mr. Aguilar Vega:

This letter is to notify you of the availability of Draft Order No. R3-2022-0014 (Draft Order), which staff plans to present to the Central Coast Water Board for adoption at its meeting scheduled for August 25-26, 2022. The Draft Order updates requirements for the discharge of waste from the Summerland Sanitary District Wastewater Treatment Plant (Facility) to the Pacific Ocean. The Draft Order is intended to serve as a reissued National Pollutant Discharge Elimination System permit and will supersede existing Order No. R3-2013-0042, which remains effective until the Central Coast Water Board adopts a new order. The Draft Order includes a Monitoring and Reporting Program and Fact Sheet as Attachments E and F. The Draft Order and associated attachments are enclosed and may be downloaded from our website at:

https://www.waterboards.ca.gov/centralcoast/board_decisions/tentative_orders/index.html

The August 25-26, 2022 meeting is scheduled to begin at 9:00 AM and will be held at the Santa Barbara County Offices Board of Supervisors, 4th Floor 105 East Anapamu Street, Santa Barbara, CA 93101. Please note that this item may be considered by the Central Coast Water Board at any time during the meeting. Please allow flexibility should there be a need to shift the item dates/times within the meeting to accommodate other items and the agenda schedule.

Persons wishing to comment on the Draft Order must submit comments in writing to the address above, or to centralcoast@waterboards.ca.gov, no later than **July 22, 2022**. The Central Coast Water Board will not accept late comments or other written submissions on the Draft Order unless the Chair rules that exclusion would create a severe hardship and that the late submission will not prejudice any party or the Central Coast Water Board. Any person asking to submit late materials must explain why the materials were not submitted earlier. The Chair will rule on any late submissions at or before the hearing. Late submissions that consist of evidence (as opposed to policy

statements or comments) are generally prejudicial unless all designated parties and Central Coast Water Board staff have time to consider the evidence before the meeting. If Central Coast Water Board staff proposes changes to the Draft Order before the Central Coast Water Board meeting, interested persons will have an opportunity to submit written comments on the proposed changes.

A Notice of Public Hearing is attached. If you have questions, please contact **Leah Lemoine** at (805) 549-3159 or leah.lemoine@waterboards.ca.gov or Arwen Wyatt-Mair at (805) 542-4695 or arwen.wyattmair@waterboards.ca.gov.

Sincerely,

for Matthew T. Keeling
Executive Officer
