

Dear Jeffrey Young, Chair,

My cousin Judy is married to the humble Jim Stubchaer, past president of the State Quality Water Board, A Fullbright scholar, sailor, father, and enthusiaste of almost everything challenging. ~~That I have asked him about our Los Osos Sewer Wars, and twice he says he is retired. and thankful to be out of town.~~ My husband Dick attended the Monarch Grove meeting, and heard your comments about Tacker. We agree whole heartadily. It is SO difficult to deal with the people here in our town. that are trying to squirm out of any money being spent on any project.

We support you with every breath in our body.

Outside of town Our neighbors will sue us if we even think about puting a sewer in L.O. Valley

P.G.E. wrote a letter to the board saying no way you

Our families are interned in the Los Valley Memorial Park, and Memorial Day festivities

are held there every year.

Lois Sargent

P.S. We have met HISA
Schicker's underlings at
CALTRANS. They are
extremely Unhappy about
Lisa being their boss. A very
unhappy group. JSS
