Dear Jeffrey S. Young, Chair
California Regional Water Quality Control Board
Central Coast Region
895 Aerovista Place, Suite 101
San Luis Obispo, CA 93401
Phone 805 - 549-3147

FAX: 805-543-0397

I am extremely concerned over the LOCSD's wasting of ABOUT ONE MILLION DOLLARS A WEEK TO STOP THE CONSTRUCTION OF THE CURRENT SEWER PROJECT. THE STATE LOAN IS IN JEOPARDY BECAUSE OF THIS.

Most renters in Los osos are capable of paying between \$600 - 1000 dollars/month. Since my wife and I know the current rents and income levels of those who are renting, (we own income property in Los osos), we clearly will be unable to absorb the cost of all 11 units we rent. A cost to us of \$1650/month - an amount which will have to be passed on - forcing most to move - but where to?

The fiscal irresponsibility of our current Los Osos CSD, will cause are present construction funding to be exhausted in another two or three weeks. These board member are good people with bad plans. They lack experience, and they feel immune from all governemnt agancies.

We will have lost all that our past CSD worked so hard to accomplish. They abided by the law - and now it has come down to five individuals who are going to violate the law - regulations involving the RWQCB.

As an 18 year homeowner in Los Osos, I have seen sewer construction deated by the low income renters time after time, driving the cost from about \$80 a month to over \$200. These same renters are gouing to pay the price. They don't even know that. If we loose the low interest SRF loan, the cost will climb o over \$300, maybe even \$400 a month. And be bankrupt.
We can't afford to loose our loan.

WE MUST RESUME WORK ON THE SEWER IMMEDIATELY!!!

Regards,
John Fergus
