Subject: Taxpayers Watch Alert 10.25.05

We forward this note from Taxpayers Watch member Joyce Albright.

Thanks for keeping us updated Joyce.

Beginning today, Monday, Assemblyman Blakesley will be sponsoring negotiations between the CSD (Schicker and Fouche) and the water board, as announced on the news today. We must keep up the pressure that we want no compromises. Supporters of the new LOCSD wrote Measure B in a way that would keep a sewer plant from being built. Now the "Gang of Five" is claiming that it is law, although it was struck down. To fortify their position, they have engineered a delay of the appeal (to December), thus insuring that they will look like they are "forced" into the stoppage. Now their ex-lawyer Briggs has announced she will sue the LOCSD (based on Measure B) if they resume the project. THIS ENTIRE SETUP WAS PLANNED FROM THE GET-GO.

Please call Blakelsey's office (549-3881) or fax him at 549-3400 and tell him that all Los Osos' problems would go away if the LOCSD would just restart the sewer.

They have created their own quagmire.

Phone calls and faxes need to be sent IMMEDIATELY as well to:

Ms. Tam M. Doduc, Chair, State Water Resources Control Board - 916/341-5252 (fax)
 Mr. Peter Silva, Vice Chair, State Water Resources Control Board - same fax as above
 Mr. Arthur Baggett, Jr., Board Member, State Water Resources Control Board - same fax as above
 Mr. Jeffrey S. Young, Chair, California Regional Water Quality Control Board - 549-3147 (phone)
 Assemblyman Sam Blakesley, State Capitol, Room 5126 - 916/319-2133 (fax)

It also appears that Faith Watkins may be fired this week. Would you please call her at the LOCSD office -- 528-9370 -- and ask her to relay a message from you to the Board that you want them to re-start the sewer .

This week could be the turning point, so hope everyone will pitch in.

We must counter the campaign that is being waged through the opposition's letterwriting and phone calling efforts!

Joyce

Taxpayers Watch is an unincorporated association dedicated to protecting the quality of life in Los Osos.
