SUMMARY

This supplemental sheet includes various attachments, described below.

Attachment one, the “April 2005 Complaint Mailing” (including a cover letter, Complaint No. R3-2005-0067, and other enclosures), was sent to the City of Santa Cruz, Department of Parks and Recreation (Discharger) on April 13, 2005 via Certified Mail, and was received by the Discharger on April 18, 2005. (This enforcement item was initially scheduled for the May 12-13, 2005 Water Board Meeting in Watsonville, Santa Cruz County. However, upon receipt of the Complaint Mailing, the Discharger requested the item be scheduled for a later Board Meeting.)

Attachment two, De Laveaga’s California Environmental Quality Act (CEQA) documents, consists of the Initial Study and Mitigated Negative Declaration for the De Laveaga Golf Course construction project.

Attachments three through six are correspondence between Water Board staff and the Discharger, and were previously provided without their attachments, as an attachment to the Staff Report. Large maps submitted by the Discharger could not be reproduced or scanned for inclusion with this supplemental sheet mailing and electronic posting, respectively. Additionally, the Discharger’s Storm Water

Pollution Prevention Plan was submitted with their April 2005 letter.

Attachment seven was received by staff on June 30, 2005, and includes the Discharger’s Brief and Exhibits in response to alleged violations.

All attachments are available electronically due to their length. Board members without internet access will be provided a hard copy, and hard copies can be provided upon request. Electronic versions will be posted at:
