Violations Listing

As of June 15, 2005, SWIM has been replaced by the California Integrated Water Quality System (CIWQS) to track Water Board data, including violations and enforcement actions. The following pages contain a list of violations generated from CIWQS that occurred between January 1, 2007, and February 28, 2007.

CIWQS is still a work in progress, and the attached report has some deficiencies. However, we are providing the report to demonstrate the current and future capabilities of CIWQS. This listing has improved and should continue to improve in future editions.
