NOTICE OF WORKSHOP ON THE CENTRAL COAST WATER BOARD'S PERMITTING PROCESS FOR DIABLO CANYON POWER PLANT

October 31, 2025

NOTICE IS HEREBY GIVEN that the California Regional Water Quality Control Board, Central Coast Region (Central Coast Water Board) will hold a public workshop to discuss the Central Coast Water Board's permitting process as it relates to the upcoming release of a tentative National Pollutant Discharge Elimination System (NPDES) permit and a tentative Clean Water Act section 401 water quality certification for Pacific Gas and Electric Company's Diablo Canyon Power Plant.

The workshop will offer an opportunity for interested persons and agencies to receive information and provide public comment on the tentative NPDES permit and 401 certification. Prior to the workshop, the Central Coast Water Board will issue the tentative NPDES permit and the tentative certification for public review and comment.

A quorum of the Central Coast Water Board may be present at the workshop, and the Board may provide general feedback to staff; however, the Board will not take any formal action.

The workshop will include both a physical meeting location and an option to participate remotely as described below.

November 12, 2025, 9:30 am
Avila Beach Community Center
191 San Miguel St., Avila Beach

And via video and teleconference.

AGENDA

The workshop will include Central Coast Water Board staff presentations about the tentative permit, tentative certification, and permitting process; an opportunity for the public to ask questions; and an opportunity for public comment.

PARTICIPATION

If you wish to ask a question or provide a comment, you may either submit a virtual comment request card at this [link \(bit.ly/47CHK1e\)](https://bit.ly/47CHK1e) or submit a paper comment request card at the workshop. Public comments will be limited to three minutes unless additional time is otherwise granted. Requests for additional time to speak may be submitted to

JANE GRAY, CHAIR | RYAN E. LODGE, EXECUTIVE OFFICER

the clerk of the Board at RB3-CommentLetters@waterboards.ca.gov and must be received no later than Friday, November 7, 2025, at noon. Requests will be granted at the discretion of the Executive Officer.

The workshop will be recorded, and the recording will be part of the administrative record for this matter. Staff will review all comments and consider them in developing the tentative NPDES permit and the 401 certification.

For those who wish to only watch the meeting, a webcast will be available at video.calepa.ca.gov/ (closed captioning available) and should be used unless you intend to speak.

Persons wishing to participate in the workshop remotely can participate telephonically or with video via the remote Zoom option:

If you have questions about how to participate in the workshop, please email staff at RB3-CommentLetters@waterboards.ca.gov.

WRITTEN PUBLIC COMMENTS

Additional information on how to provide written comments on the tentative permit and tentative certification will be made available concurrent with their release. The Central Coast Water Board will respond to written comments in accordance with applicable regulations.
