## Central Coast Regional Water Quality Control Board

July 1, 2025

Chris Lehman  
Utilities Deputy Director  
City of San Luis Obispo  
879 Morro Street  
San Luis Obispo, CA 93401-2710  
Email: [clehman@slocity.org](mailto:clehman@slocity.org)

**Via Electronic and Certified Mail**  
**9589 0710 5270 0883 4156 84**

Dear Chris Lehman:

**ENFORCEMENT PROGRAM: CITY OF SAN LUIS OBISPO WATER RESOURCE RECOVERY FACILITY, 35 PRADO ROAD, SAN LUIS OBISPO COUNTY, WID 3 400107001 – EXPEDITED PAYMENT PROGRAM – CONDITIONAL SETTLEMENT OFFER TO RESOLVE ALLEGED PERMIT VIOLATIONS THROUGH ADMINISTRATIVE CIVIL LIABILITY ORDER R3-2025-0052**

The California Regional Water Quality Control Board, Central Coast Region (Central Coast Water Board) is a state regulatory agency with the responsibility for protecting the quality of the waters of the state within its area of jurisdiction. The Central Coast Water Board has authority to require submission of information, direct action, establish regulations, levy penalties, and bring legal action when necessary to protect water quality. The purpose of this letter is to notify the City of San Luis Obispo (Discharger) of alleged violations of Waste Discharge Requirements (WDR) Order R3-2014-0033 and Order R3-2024-0001, National Pollutant Discharge Elimination System Permit (NPDES) CA0049224, subject to mandatory minimum penalties, and of the opportunity to participate in an expedited settlement process to address \$30,000 (Penalty Amount) in liability.

**PLEASE NOTE: NO PAYMENT IS YET DUE IN RESPONSE TO THIS LETTER**

### ALLEGED VIOLATIONS

The Central Coast Water Board's Assistant Executive Officer alleges that from April 30, 2024, to March 31, 2025, the Discharger violated the effluent limitations and/or late reporting requirements identified in the notice of violation (NOV) attached to the enclosed Acceptance of Conditional Settlement Offer and Waiver of Right to Hearing (Acceptance and Waiver); Administrative Civil Liability Order R3-2025-0052 (ACL Order) for discharges to San Luis Obispo Creek.

---

JANE GRAY, CHAIR | RYAN E. LODGE, EXECUTIVE OFFICER

## STATUTORY LIABILITY

California Water Code sections 13385, subdivisions (h) and (i) and 13385.1, require the assessment of a mandatory minimum penalty of \$3,000 for specified serious and non-serious effluent limitation and/or late reporting violations. The enforcement action that the Central Coast Water Board uses to assess such liability is an administrative civil liability complaint, followed by a public hearing on the matter. The Central Coast Water Board is required to, at a minimum, assess the mandatory minimum penalties.

Alternatively, the Central Coast Water Board has the option to assess higher discretionary administrative civil liabilities, beginning with the date on which the violations first occurred. Discretionary administrative civil liabilities may be assessed up to \$10,000 for each day in which the violation occurs, plus \$10 for each gallon discharged but not cleaned up in excess of 1,000 gallons. The Central Coast Water Board also has the option to refer such matters to the Attorney General's Office for prosecution. If referred to the Attorney General's Office for prosecution, the Superior Court may assess up to \$25,000 for each day in which the violation occurs, and \$25 for each gallon discharged but not cleaned up in excess of 1,000 gallons.

The Central Coast Water Board Executive Officer is being provided a copy of this cover letter without attachments for informational purposes only. If you accept this conditional settlement offer and therefore agree to enter into settlement negotiations with the Enforcement Program, any settlement negotiations would be conducted confidentially in accordance with California Evidence Code sections 1152 and 1154.

## CONDITIONAL SETTLEMENT OFFER

To avoid the issuance of an administrative civil liability complaint and promote expedited resolution of the alleged violations, the Central Coast Water Board Assistant Executive Officer offers the Discharger an opportunity to participate in the expedited payment program to settle the matter by completing and returning the enclosed Acceptance and Waiver. Details of the Conditional Settlement Offer are described in this letter and in the Acceptance and Waiver. If the Discharger accepts this offer, the Central Coast Water Board Assistant Executive Officer will forego issuance of an administrative civil liability complaint, will not refer the violations to the Attorney General's Office, will not charge incurred staff costs, and will not seek discretionary administrative civil liabilities for the alleged violations identified in the NOV.

## DISCHARGER'S OPTIONS FOR RESPONSE TO CONDITIONAL SETTLEMENT OFFER

The Discharger's options for responding to the Conditional Settlement Offer are the following:

1. **Accept the Conditional Settlement Offer:** If the Discharger accepts the Conditional Settlement Offer, the Discharger must complete and return the enclosed Acceptance and Waiver **no later than July 31, 2025**. The Acceptance and Waiver document provides more details regarding the conditions of the settlement and payment option(s) for the Penalty Amount. *Note: No payment is due at the time the Discharger returns the signed Acceptance and Waiver to the Central Coast Water Board.*

2. **Contest Alleged Violations:** If the Discharger chooses to contest any of the violations alleged in the NOV attached to the Acceptance and Waiver, the Discharger must identify each violation and the basis for its challenge (e.g., factual error, affirmative defense) **on or before July 31, 2025**. Central Coast Water Board staff will evaluate the contested violations and take one of the following actions:
  - a. If Central Coast Water Board staff determine the alleged violations are not supported, it will expunge or exempt those violations, take no further action against the Discharger for those violations, and notify the Discharger in writing of that determination. For any remaining violations, the Discharger will be given 30 days from the date of receipt of Central Coast Water Board staff's determination to either accept the Conditional Settlement Offer by completing and returning the Acceptance and Waiver to the Central Coast Water Board, or to reject the Conditional Settlement Offer; or
  - b. If Central Coast Water Board staff determine the alleged violations are valid, staff will notify the Discharger of that determination. The Discharger will be given 30 days from the date of receipt of Central Coast Water Board staff's determination to either accept the Conditional Settlement Offer by completing and returning the Acceptance and Waiver to the Central Coast Water Board, or to reject the Conditional Settlement Offer.
3. **Reject the Conditional Settlement Offer:** If the Discharger does not **respond by July 31, 2025** or rejects the Conditional Settlement Offer, the Central Coast Water Board Assistant Executive Officer may issue an administrative civil liability complaint for any unresolved alleged violations. In an administrative civil liability complaint, the liability amount sought and/or imposed may exceed the liability amount in the Conditional Settlement Offer.

## CONTACT PERSONS

Should the Discharger have any questions about the NOV, the Conditional Settlement Offer, Acceptance and Waiver, the ACL Order, or expedited payment program process, please contact Tamara Anderson at [tamara.anderson@waterboards.ca.gov](mailto:tamara.anderson@waterboards.ca.gov) or (805) 549-3334, or Todd Stanley at [todd.stanley@waterboards.ca.gov](mailto:todd.stanley@waterboards.ca.gov) or (805) 542-4769.

Sincerely,

Angela  
Schroeter

**ACCEPTANCE OF CONDITIONAL SETTLEMENT OFFER  
AND WAIVER OF RIGHT TO HEARING;**

**ADMINISTRATIVE CIVIL LIABILITY ORDER R3-2025-0052**

City of San Luis Obispo (Discharger)  
Water Resource Recovery Facility  
35 Prado Road, San Luis Obispo, CA  
San Luis Obispo County  
Waste Discharge Requirements Order R3-2014-0033 and R3-2024-0001  
National Pollutant Discharge Elimination System (NPDES) Permit CA0049224  
WDID: 3 400107001

By signing below and returning this Acceptance of Conditional Settlement Offer and Waiver of Right to Hearing (Acceptance and Waiver) to the California Regional Water Quality Control Board, Central Coast Region (Central Coast Water Board), the Discharger hereby accepts the Conditional Settlement Offer from the Assistant Executive Officer to participate in the expedited payment program to settle the alleged violations and waives the right to a hearing before the Central Coast Water Board to dispute the alleged violations. The alleged violations are identified in the attached notice of violation (NOV).

The Discharger agrees that the NOV shall serve as a complaint pursuant to Division 7, Chapter 5, Article 2.5 of the California Water Code and that no separate complaint is required for the Central Coast Water Board to assert jurisdiction over the alleged violations. The Discharger agrees to pay the mandatory minimum penalties (Penalty Amount) authorized by California Water Code sections 13385 and 13385.1, as specified in the NOV, which shall be deemed payment in full of any civil liability pursuant to Water Code sections 13385 and 13385.1 that otherwise might be assessed for the violations described in the NOV. The Discharger understands that by signing this Acceptance and Waiver, the Discharger waives its right to contest the allegations in the NOV and the amount of administrative civil liability for such violations.

The Discharger understands that this Acceptance and Waiver does not address or resolve liability for any violation that is not specifically identified in the NOV.

The Discharger understands that federal regulations set forth in title 40, Code of Federal Regulations, section 123.27(d)(2)(iii) require the Central Coast Water Board to publish notice of and provide at least 30 days for public comment on any proposed resolution of an enforcement action addressing NPDES permit violations. Accordingly, Central Coast Water Board staff will publish this Acceptance and Waiver for public comment.

If no public comments or new material facts are received within the public comment period that cause the Central Coast Water Board Assistant Executive Officer to reconsider the proposed Conditional Settlement Offer, the Executive Officer, through its delegated authority by the Central Coast Water Board, will consider execution of the Acceptance and Waiver as the executed Administrative Civil Liability Order R3-2025-0052 (ACL Order) that resolves the alleged violations identified in the NOV.

Acceptance of Conditional Settlement Offer and Waiver of Right to Hearing;  
Administrative Civil Liability Order R3-2025-0052

If significant public comments are received in opposition to the Acceptance and Waiver and/or new material facts become available that are relevant to the Acceptance and Waiver, the Central Coast Water Board Assistant Executive Officer may withdraw the Conditional Settlement Offer. In that circumstance, the Central Coast Water Board Assistant Executive Officer may issue a revised Conditional Settlement Offer or may issue an administrative civil liability complaint and the matter would be set for a hearing before the Central Coast Water Board. For such a civil liability hearing, the Discharger understands that this Acceptance and Waiver executed by the Discharger will not be used as evidence against the Discharger.

Penalty Amount: \$30,000

The Discharger must fill in the blank boxes in Table 1 below to indicate how the Discharger will direct its payment of the Penalty Amount. Payment is not due until after Central Coast Water Board staff completes the public comment period and the Executive Officer issues the ACL Order as described herein.

The Discharger's payment options are shown below.

1. Payment Option 1 – Direct the entire Penalty Amount as Supplemental Environmental Project (SEP) funds towards the Bay Foundation of Morro Bay's (Bay Foundation) Central Coast Drinking Water Well Testing Program (Drinking Water Well Testing Program). See the *Bay Foundation's Drinking Water Well Testing Program – Use of Supplemental Environmental Project Funds summary document*<sup>1</sup> for more details about the program.
2. Payment Option 2 – Direct a portion of the Penalty Amount as SEP funds towards the Drinking Water Well Testing Program, and direct the remaining portion of the Penalty Amount to the State Water Pollution Cleanup and Abatement Account.<sup>2</sup> If the Discharger elects to allocate only a portion of the Penalty Amount towards the Drinking Water Well Testing Program, then the Discharger must pay the remaining Penalty Amount to the State Water Pollution Cleanup and Abatement Account.
3. Payment Option 3 – Reject the option to direct any of the Penalty Amount towards the Drinking Water Well Testing Program and instead pay the entire Penalty Amount to the State Water Pollution Cleanup and Abatement Account.

---

<sup>1</sup> Bay Foundation's Drinking Water Well Testing Program – Use of Supplemental Environmental Project Funds summary document:

[https://www.waterboards.ca.gov/centralcoast/water\\_issues/programs/enforcement/docs/2024/summary-drinking-water-well-testing-sep.pdf](https://www.waterboards.ca.gov/centralcoast/water_issues/programs/enforcement/docs/2024/summary-drinking-water-well-testing-sep.pdf)

<sup>2</sup> Cleanup and Abatement Account:

**The Discharger understands that no payments are due at the time it returns the signed Acceptance and Waiver form to the Central Coast Water Board.** After the required public comment period and execution of the Acceptance and Waiver as the executed ACL Order by the Executive Officer, the Central Coast Water Board will transmit the executed ACL Order to the Discharger. The transmittal letter will include payment due dates and payment instructions based on the payment options selected in the Acceptance and Waiver. The full payment of the Penalty Amount shall be due within 30 calendar days of the executed ACL Order. Furthermore, the Discharger understands that full payment within 30 calendar days of the executed ACL Order is a material condition of this Acceptance and Waiver. Failure to pay the Penalty Amount within the required time period may subject the Discharger to further liability.

**Attachment:** Notice of Violation

File Location: R:\RB3\Enforcement\EPLs\2025-0052 SLO City\City of SLO MMP EPL  
25-0052\_Acptnc-Waiver.docx

ECM Primary Indexing # 255380

**Exhibit A – Notice of Violation**  
**City of San Luis Obispo Water Resource Recovery Facility**  
**Mandatory Minimum Penalty Violations Requiring Enforcement**  
**Alleged Violation Dates: April 30, 2024 – March 31, 2025**

The enforcement staff of the California Regional Water Quality Control Board, Central Coast Region (Central Coast Water Board) reviewed information submitted by this facility to determine whether the discharger is subject to mandatory minimum penalties (MMPs) pursuant to subdivisions (h) and (i) of California Water Code section 13385 and section 13385.1. The following table or tables list this facility's alleged violations of Waste Discharge Requirements Order R3-2014-0033 and Order R3-2024-0001, National Pollutant Discharge Elimination System Permit CA0049224 from April 30, 2024, to March 31, 2025, for which the Central Coast Water Board has not yet assessed MMPs. Final calculation of MMP amounts and definitions of some of the terms used in this document are listed below the table.

For additional information about the alleged violations listed in the table, please refer to [the State Water Resources Control Board CIWQS Public Reports webpage](#) and select the "Mandatory Minimum Penalty (MMP) Report" link located under the "Violations Reports" category. Once in the Mandatory Minimum Penalty Reports search page, select Region 3 along with the beginning and ending dates shown in this exhibit, select Run Report, and then select your facility to access the list of violations. Expand the "Effluent MMP Violations" and/or "Late Report MMP Violations" sections of that page by selecting the "+" icon to the left of the section titles. To view details of a violation, select the "Violation ID" number. For chronic (non-serious) effluent violations, select the "Chronic" link in the "MMP Type" column of the "Effluent Limit Violations" section to see a list of the three or more violations preceding each chronic violation within 180 days and thus qualifying the chronic violation as an MMP.

**Effluent MMP Violations Table**

Total Penalty for Effluent Violations: \$30,000

\* Central Coast Water Board staff confirmed that the Discharger violated Time Schedule Order (TSO) R3-2024-0021 monthly average interim effluent limit of 0.024 mg/L as originally reported by the Discharger for the two total molybdenum violations in the above table. Violation of the TSO removes the mmp exemption related to compliance with a TSO. Therefore, these violations are subject to an mmp as determined by comparing the sampling result with the final effluent limit of 0.01 mg/L contained in the National Pollutant Discharge Elimination System Permit. Central Coast Water Board staff therefore changed the limit field from the interim 0.024 mg/L to the final 0.01 mg/L for these two violations because the latter is the effective effluent limit for determining mmp applicability.

^ On December 5, 2023, and January 10, 2024, in relation to the upgrade of biological treatment systems, the Discharger submitted a request and documentation supporting the exemption of nitrate effluent limit violations from mandatory minimum penalties for the 90-day period from January 10, 2024, to April 9, 2024. The nitrate effluent limit violations in the above table occurred after the 90-day exemption period and therefore are not exempt from mandatory minimum penalty.

Calculation of Total Mandatory Minimum Penalty Amount for Effluent and Late Reporting Violations:  
 (9 Serious Violations + 1 Non-Serious Violations) × \$3,000 = \$30,000

EPL R3-2025-0052 – Exhibit A  
ACL Order R3-2025-0052  
City of San Luis Obispo Water Resource Recovery Facility

For Group 1 pollutants, a violation is serious when the limit is exceeded by 40% or more, and non-serious when the limit is exceeded by less than 40%. “Non-serious” is also referred to as “chronic” in CIWQS, indicating violations are occurring too frequently.

For Group 2 pollutants, a violation is serious when the limit is exceeded by 20% or more, and non-serious when the limit is exceeded by less than 20%. “Non-serious” is also referred to as “chronic” in CIWQS, indicating violations are occurring too frequently.

Each serious violation is subject to a mandatory minimum penalty of \$3,000.

A non-serious (also known as chronic) violation is subject to a mandatory minimum penalty of \$3,000 when it is preceded by three chronic or serious violations (or more) in a 180-day period representing six consecutive months (e.g., period commencing on the date of the violation being evaluated and ending 180 days before that date). The three most recent preceding chronic or serious violations within the 180-day period that are counted first toward qualifying a chronic violation for a mandatory minimum penalty are not penalized within that specific determination.

For example, if a violation named V4 is preceded by three violations V1, V2, and V3 within a 180-day period, V4 is determined to be subject to a mandatory minimum penalty of \$3,000. Within that specific determination for violation V4, V1 through V3 are counted but not penalized. However, each violation is subject to its own specific determination. So, V1, V2, and V3 are each subject to their own evaluation based on their specific occurrence dates and applicable 180-day periods and may warrant or have warranted in a previous enforcement action their own penalty as a chronic or serious violation.

Accordingly, all violations indicating “C” for “Chronic” in the above table also show four or more violations within 180 days because each of the chronic violations is preceded by three (or more) violations in that period. Please see the instructions on the first page of this exhibit if you would like to view in CIWQS all of the preceding violations applicable to the above chronic violations.

ACL Order R3-2025-0052  
City of San Luis Obispo Water Resource Recovery Facility

| Term                            | Definition  |
|---------------------------------|---|
| N/A                             | Not Applicable  |
| CIWQS                           | California Integrated Water Quality System database used by the Water Boards to manage violation and enforcement activities, as well as other data types relevant to water quality protection.  |
| Violation Number                | Identification number assigned to a violation in CIWQS.   |
| Violation Date                  | Date that a violation occurred, with the exception that for some violation types, such as a monthly average, the last day of the reporting period is used. If the occurrence date is unknown, the date used is the day the violation was first discovered by staff, the Discharger, or a third party. |
| Pollutant Types:<br>Group 1 & 2 | Groups of pollutants defined in the State Water Resources Control Board Water Quality Enforcement Policy. Also referred to as Category 1 or CAT1 and Category 2 or CAT2, respectively.  |
