Waste Discharge Requirements Order R3-2024-0001
National Pollutant Discharge Elimination System (NPDES) Permit CA0049224
WDID: 3 400107001

By signing below and returning this Acceptance of Conditional Settlement Offer and Waiver of Right to Hearing (Acceptance and Waiver) to the California Regional Water Quality Control Board, Central Coast Region (Central Coast Water Board), the Discharger hereby accepts the Conditional Settlement Offer from the Assistant Executive Officer to participate in the expedited payment program to settle the alleged violations and waives the right to a hearing before the Central Coast Water Board to dispute the alleged violations. The alleged violations are identified in the attached notice of violation (NOV).

The Discharger agrees that the NOV shall serve as a complaint pursuant to Division 7, Chapter 5, Article 2.5 of the California Water Code and that no separate complaint is required for the Central Coast Water Board to assert jurisdiction over the alleged violations. The Discharger agrees to pay the mandatory minimum penalties (Penalty Amount) authorized by California Water Code sections 13385 and 13385.1, as specified in the NOV, which shall be deemed payment in full of any civil liability pursuant to Water Code sections 13385 and 13385.1 that otherwise might be assessed for the violations described in the NOV. The Discharger understands that by signing this Acceptance and Waiver, the Discharger waives its right to contest the allegations in the NOV and the amount of administrative civil liability for such violations.

The Discharger understands that this Acceptance and Waiver does not address or resolve liability for any violation that is not specifically identified in the NOV.

The Discharger understands that federal regulations set forth in title 40, Code of Federal Regulations, section 123.27(d)(2)(iii) require the Central Coast Water Board to publish notice of and provide at least 30 days for public comment on any proposed resolution of an enforcement action addressing NPDES permit violations. Accordingly, Central Coast Water Board staff will publish this Acceptance and Waiver for public comment.

If no public comments or new material facts are received within the public comment period that cause the Central Coast Water Board Assistant Executive Officer to reconsider the proposed Conditional Settlement Offer, the Executive Officer, through its delegated authority by the Central Coast Water Board, will consider execution of the Acceptance and Waiver as the executed Administrative Civil Liability Order R3-2026-0054 (ACL Order) that resolves the alleged violations identified in the NOV.

Acceptance of Conditional Settlement Offer and Waiver of Right to Hearing;
Administrative Civil Liability Order R3-2026-0054

If significant public comments are received in opposition to the Acceptance and Waiver and/or new material facts become available that are relevant to the Acceptance and Waiver, the Central Coast Water Board Assistant Executive Officer may withdraw the Conditional Settlement Offer. In that circumstance, the Central Coast Water Board Assistant Executive Officer may issue a revised Conditional Settlement Offer or may issue an administrative civil liability complaint and the matter would be set for a hearing before the Central Coast Water Board. For such a civil liability hearing, the Discharger understands that this Acceptance and Waiver executed by the Discharger will not be used as evidence against the Discharger.

Penalty Amount: \$3,000

The Discharger must fill in the blank boxes in Table 1 below to indicate how the Discharger will direct its payment of the Penalty Amount. Payment is not due until after Central Coast Water Board staff completes the public comment period and the Executive Officer issues the ACL Order as described herein.

The Discharger's payment options are shown below.

1. Payment Option 1 – Direct the entire Penalty Amount as Supplemental Environmental Project (SEP) funds towards the Bay Foundation of Morro Bay's (Bay Foundation) Central Coast Drinking Water Well Testing Program (Drinking Water Well Testing Program). See the *Bay Foundation's Drinking Water Well Testing Program – Use of Supplemental Environmental Project Funds summary document*¹ for more details about the program.

3. Payment Option 3 – Reject the option to direct any of the Penalty Amount towards the Drinking Water Well Testing Program and instead pay the entire Penalty Amount to the State Water Pollution Cleanup and Abatement Account.
