ORDER AMENDING CLEAN WATER ACT SECTION 401 TECHNICALLY CONDITIONED WATER QUALITY CERTIFICATION; PACIFIC GAS AND ELECTRIC COMPANY, PG&E LINE 407 PROJECT (WDID#5A57CR00084A2), YOLO COUNTY

This Order responds to the 7 October 2016 request for an amendment of the PG&E Line 407 Project Section 401 Water Quality Certification (WDID#5A57CR00084). The original Water Quality Certification (Certification) was issued on 20 December 2012 and amended on 18 July 2016. The requested second amendment is hereby approved. The original Certification is therefore amended as described below. Please attach this document to the original Certification.

AMENDMENT:

Pacific Gas and Electric Company (PG&E) is requesting an amendment to change the location of impacts to waters of the United States. The original Certification authorized 0.01 acre of permanent impacts to a driveway at the southeast portion of the project area, shown as DIA-022 in Figure 1. The wetland at DIA-022 will no longer be permanently impacted. Permanent impacts to 63 square feet (0.01 acre) of wetlands, located at W2 on Figure 1, are authorized by this amendment. The addition of 63 square feet (0.01 acre) of impact to wetlands will not increase the total authorized impacts to wetlands (waters of the United States).

APPLICATION FEE RECEIVED:

No fees were submitted for this amendment. Total fees of \$25,683.00 for the original Certification were submitted to the Central Valley Regional Water Quality Control Board as required by Section 3833(b)(3)(A) and by Section 2200(a)(3) of the California Code of Regulations.
