ORDER AMENDING CLEAN WATER ACT SECTION 401 TECHNICALLY CONDITIONED WATER QUALITY CERTIFICATION FOR DISCHARGE OF DREDGED AND/OR FILL MATERIAL; LITTLE COUNTRY CHURCH WORSHIP CENTER PROJECT (WDID NO. 5A04CR00461A1), SHASTA COUNTY

This Order responds to the 30 April 2020 request for an amendment of the Clean Water Act (CWA) Section 401 Technically Conditioned Water Quality Certification for the Little Country Church Worship Center Project (WDID No. 5A04CR00461). The original Water Quality Certification (Certification) was issued on 9 December 2014, with an expiration review date scheduled for 9 December 2019. The review date was temporarily extended until 7 May 2020 by the Central Valley Water Board to coincide with the expiration of the CWA Section 404 issued for the Project by the United States Army Corps of Engineers. Little County Church is requesting an amendment to set an expiration date that coincides with the expiration of the Section 404 issued by Army Corps of Engineers for the Project.

An extension of the expiration of the Section 404 permit until 7 May 2025 was subsequently approved by Army Corps of Engineers. The requested amendment is hereby approved, and the original Certification is therefore amended as described below. Please attach this document to the original Certification.
