CENTRAL VALLEY REGION

ORDER NO. R5-2012-0129

RESCISSION OF
TIME SCHEDULE ORDER R5-2007-0096
AND
RESOLUTION R5-2008-0139
FOR
CITY OF WILLIAMS
WASTEWATER TREATMENT PLANT
COLUSA COUNTY

The California Regional Water Quality Control Board, Central Valley Region, (hereafter referred to as "Central Valley Water Board" or "Board") finds that:

1. The City of Williams (Discharger) owns and operates a wastewater treatment plant. The Discharger was previously regulated under Waste Discharge Requirements (WDRs) Order 5-01-049 (WDRs) and, as of 5 December 2008, is regulated under WDRs Order R5-2008-0185-01 (NPDES No. CA0077933).
2. On 27 August 2007, the Central Valley Water Board adopted Time Schedule Order (TSO) R5-2007-0096 for the Discharger's Wastewater Treatment Plant. On 11 September 2008, the Board adopted Resolution R5-2008-0139 amending TSO R5-2007-0096. The TSO provided a timeline and required full compliance with the effluent limitations for ammonia, BOD, total suspended solids, chlorine residual, total coliform organisms, and turbidity. The TSO contained additional requirements for treatment.
3. The Discharger has achieved compliance by expending in excess of \$23 million on a new wastewater treatment plant which began operating in June 2011. Therefore, Orders R5-2007-0096 and Resolution R5-2008-0139 are no longer necessary.
4. The Central Valley Water Board has notified the Discharger and interested agencies and persons of its intent to rescind Order R5-2007-0096 and Resolution R5-2008-0139, and has provided them with an opportunity for a public hearing and an opportunity for them to submit their written views and recommendations.
5. Issuance of this Order is exempt from the provisions of the California Environmental Quality Act (Public Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).
6. The Central Valley Water Board, in a public meeting, heard and considered all comments and evidence pertaining to this matter.
