PACIFIC GAS & ELECTRIC, NATURAL GAS PIPELINE REPLACEMENT PROJECT R-300  
ON LINE 407, SUTTER COUNTY**

On 22 July 2016, the Executive Officer of the Central Valley Regional Water Quality Control Board issued a Notice of Applicability granting coverage under the State Water Resources Control Board's *Statewide General Waste Discharge Requirements for Discharges to Land with a Low Threat to Water Quality* (Order 2003-003-DWQ) to Pacific Gas & Electric for the natural gas pipeline replacement project R-300.

Your Notice of Termination dated 29 March 2017, states that no further discharges from the pipeline replacement project will occur and you wish to terminate coverage under the General Waste Discharge Requirements. Based on that information, coverage under Order 2003-003-DWQ-0148 is hereby rescinded.

If you have any questions about the rescission, please contact Scott Armstrong at (916) 464-4616 [sarmstrong@waterboards.ca.gov](mailto:sarmstrong@waterboards.ca.gov).
