On 17 August 2017, the Executive Officer of the Central Valley Regional Water Quality Control Board issued a Notice of Applicability granting coverage under the State Water Resources Control Board's *Statewide General Waste Discharge Requirements for Discharges to Land with a Low Threat to Water Quality* (Order 2003-003-DWQ) to Pacific Gas & Electric for discharges to land from construction dewatering for project R-290 and R-306.

Your Notice of Termination, dated 2 February 2018, states that no further discharges from the project will occur and you wish to terminate coverage under the General Waste Discharge Requirements. Based on that information, coverage under Order 2003-003-DWQ-0176 is hereby rescinded.

If you have any questions about the rescission, please contact Scott Armstrong at (916) 464-4616 sarmstrong@waterboards.ca.gov.
