SECRETARY FOR  
ENVIRONMENTAL PROTECTION

## Central Valley Regional Water Quality Control Board

25 March 2015

Ms. Marian Bechthold  
P.O. Box 67  
Woodland, California 95776

### **NOTICE OF TERMINATION; GENERAL ORDER R5-2008-0149-024, FORMER PAUL'S MOBIL STATION, 16811 YOLO AVENUE, ESPARTO, YOLO COUNTY (LUSTIS NO. 570306)**

Thank you for submitting the 13 February 2015 *Third Quarter 2014 Groundwater Monitoring and Additional Soil Sampling Report*, and the 27 January 2015 Request for Termination of Permit to Discharge, according to General Order No. R5-2008-0149-024, prepared on your behalf by Geocon Consultants, Inc. (Geocon), for the former Paul's Mobil Station at 16811 Yolo Avenue in Esparto (Site). On 9 December 2010, the Regional Water Quality Control Board, Central Valley Region (Central Valley Water Board) issued a Notice of Applicability under General Order No. R5-2008-0149 for General Waste Discharge Requirements for In-Situ Groundwater Remediation at Sites with Volatile Organic Compounds, Nitrogen Compounds, Perchlorate, Pesticides, Semi-Volatile Compounds and/or Petroleum Compounds. The Project was issued Facility ID No. 5A57NC00032. This Project's active remediation was completed on 11 October 2013, but remediation system equipment remained onsite during post remediation that was completed until the third quarter of 2014.

General Order No. R5-2008-0149-024 is hereby terminated as of 25 March 2015, when Central Valley Water Board staff concurred with Geocon to stop active remediation and continue post remediation monitoring. You may now remove the remediation equipment from the Project site.

If you have any questions, please contact David Stavarek at (916) 464-4673, or by e-mail at [dstavarek@waterboards.ca.gov](mailto:dstavarek@waterboards.ca.gov).
