TERMINATION OF GENERAL ORDER NO. R5-2008-0085-010, NPDES NO. CAG #915001 FOR QUESTION MARKET, 973 (AKA 937) NORTH TOWNSHIP ROAD, YUBA CITY, SUTTER COUNTY (RB CASE #510094)

On 28 March 2013, Regional Water Board staff (Staff) received a written request (Request) on your behalf from your consultant, Stratus Environmental, Inc., to terminate the General Permit R5-2008-0085-010 for the discharge of treated groundwater at your Site. The groundwater pump and treatment (GWP&T) system will be converted to discharge to land with a drip-irrigation system, which will be covered under General Permit R5-2003-0044 (GP). The Request included Notice of Intent for the GP, which will be approved under a separate Notice of Applicability.

Therefore, your project no longer requires an NPDES discharge permit from the Central Valley Regional Water Quality Control Board. Staff concurs with your request for termination of coverage under General Permit R5-2008-0085-010 as reasonable and appropriate. Effective immediately, this permit is terminated.

Please contact James Barton at (916) 464-4614 if you have questions or comments.
