Thank you for submitting the Notice of Termination Form dated 14 February 2024 requesting termination of coverage under the Limited Threat General Order R5-2022-0006 for the Regional Surface Water Supply Project (Project).

On 27 March 2023, the Central Valley Regional Water Quality Control Board issued a Notice of Applicability (NOA) for the Project, which was assigned Limited Threat General Order R5-2022-0006-012, and the original NOA was amended on 6 November 2023 and 22 December 2023. Except for purposes of enforcement, coverage is hereby terminated as of 14 February 2024 through this letter.

Please note that you must still submit your last quarterly monitoring report required under the Limited Threat General Order to the Compliance/Enforcement staff. Failure to do so subjects you to mandatory minimum penalties or discretionary penalties.
