ADMINISTRATIVE CIVIL LIABILITY COMPLAINT NO. R5-2009-0530, AZEVEDO DAIRY, MERCED COUNTY

Enclosed is an Administrative Civil Liability (ACL) Complaint, issued pursuant to California Water Code (CWC) section 13267(b), for violation of the Waste Discharge Requirements General Order for Existing Milk Cow Dairies, Order R5-2007-0035 (“General Order”). The Complaint charges Azevedo Dairy (hereafter “Discharger”) with a civil liability in the amount of one thousand dollars ($1,000) for failure to file required reports.

Pursuant to CWC section 13323, the Discharger may:

- Pay the assessed civil liability and waive its right to a hearing before the Central Valley Water Board by signing the enclosed waiver (checking off the box next to item #4) and submitting it to this office by **15 June 2009**, along with payment for the full amount;
- Agree to enter into settlement discussions with the Central Valley Water Board and request that any hearing on the matter be delayed by signing the enclosed waiver (checking off the box next to item #5) and submitting both the waiver and a letter describing the issues to be discussed to this office by **15 June 2009**; or
- Contest the Complaint and/or enter into settlement discussions with the Central Valley Water Board without signing the enclosed waiver.

If the Discharger chooses to sign the waiver and pay the assessed civil liability, this will be considered a tentative settlement of the violations in the Complaint. This settlement will be considered final pending a 30-day period, starting from the date of this Complaint, during which time interested parties may comment on this action by submitting information to this office, attention Neena Moitoso. Should the Central Valley Water Board receive new information or comments during this comment period, the Central Valley Water Board’s Executive Officer may withdraw the complaint, return payment, and issue a new complaint. If the Central Valley Water Board does not hold a hearing on the matter, and if the terms of the final settlement are not significantly different from those proposed in the enclosed Complaint, then there will not be additional opportunities for public comment on the proposed settlement.
If the Central Valley Water Board does not receive a signed waiver within 30 days of the date of this Complaint (by 15 June 2009), then a hearing will be scheduled for the 13/14 August 2009 Central Valley Water Board meeting in Rancho Cordova. The Central Valley Water Board’s Prosecution Team has proposed the enclosed draft Hearing Procedures to govern the conduct of such a hearing. Any objections to these draft Hearing Procedures must be received by Lori Okun, whose contact information is listed in the enclosed draft Hearing Procedures, by 5 p.m. on 26 May 2009.

Any comments or evidence concerning the enclosed Complaint must be submitted in accordance with the deadlines contained in the enclosed draft Hearing Procedures, unless these deadlines are changed by the Central Valley Water Board’s Adjudicatory Team, either on their own accord or upon request.

In order to conserve resources, this letter transmits paper copies of the documents to the Discharger only. Interested persons may download the documents from the Central Valley Water Board’s Internet website at: http://www.waterboards.ca.gov/centralvalley/tentative_orders/.
Copies of these documents can also be obtained by contacting or visiting the Central Valley Water Board’s office weekdays between 8:00 AM and 5:00 PM.

Mr. Joe Karkoski, Acting Assistant Executive Officer, Central Valley Water Board
Mr. Ken Landau, Assistant Executive Officer, Central Valley Water Board
Ms. Lori Okun, Senior Staff Counsel, State Water Resources Control Board
This Administrative Civil Liability Complaint (hereafter Complaint) is issued to the Azevedo Dairy based on a finding of failure to submit technical reports pursuant to California Water Code (CWC) section 13267, for which administrative civil liability may be imposed pursuant to CWC section 13268.

The Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board or Board) finds, with respect to the Azevedo Dairy’s acts, or failure to act, the following:

1. The Discharger is the Azevedo Dairy, owned and operated by Luis and Victoria Azevedo, and is located at 3737 Weir Rd, Livingston.

2. The Azevedo Dairy consists of a 316 milk cow dairy facility with a 7-acre production area and 120 acres of cropland currently used for manure application (wastewater and solids).

3. On 3 May 2007 the Central Valley Water Board issued the Waste Discharge Requirements General Order for Existing Milk Cow Dairies Order R5-2007-0035 (“General Order”). This order serves as general waste discharge requirements for discharges of waste from existing milk cow dairies of all sizes (as defined in Finding 7 of the General Order), including Azevedo Dairy. On 9 July 2007, Luis Azevedo, on behalf of Azevedo Dairy, signed the certified mail receipt notifying the Discharger of coverage under the General Order.

4. CWC section 13267 authorizes Regional Water Boards to require the submittal of technical or monitoring reports from any person who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste to waters of the state.

5. Section J. 1 of the General Order, under “Schedule of Tasks” requires the dischargers to develop and implement a Waste Management Plan and Nutrient Management Plan and submit an Existing Conditions Report, Proposed Interim Facility Modifications, Salinity Report, Preliminary Infrastructure Needs checklist, and Annual Reports according to the schedule in Table 1. According to Table 1, by 31 December 2008, a Statement of Completion of Item V (Field Risk Assessment) of Attachment C (Nutrient Management Plan) and a Preliminary Infrastructure Needs Checklist were due to the Central Valley
Administrative Civil Liability Complaint No. R5-2009-0530
Azevedo Dairy, Merced County

Water Board. In the General Order, the Board required the submittal of these reports under the authority of CWC section 13267.

6. The Preliminary Infrastructure Needs Checklist consists of identification and documentation of infrastructure changes that will be needed to properly manage wastes at the facility. The Field Risk Assessment evaluates the effectiveness of management practices to control waste discharges from land application areas. The Statement of Completion certifies that the Field Risk Assessment was done and is available for review at the dairy.

7. On 9 March 2009, the Central Valley Water Board issued, via certified mail, a letter reminding the Azevedo Dairy of the requirement to submit the Preliminary Infrastructure Needs Checklist and the Statement of Completion. The certified mail receipt was signed as received by Victoria Azevedo on 11 March 2009.

8. Board staff checked the compliance tracking system and case files and it was verified that the Central Valley Water Board had not received a response or technical report from Azevedo Dairy.

VIOLATIONS

9. The requirement to submit the technical reports in accordance with CWC section 13267 was issued to the Azevedo Dairy on 3 May 2007 as part of the General Order. The required technical reports were due by 31 December 2008. As of 15 May 2009, Azevedo Dairy’s technical reports are 135 days past due.

REGULATORY CONSIDERATIONS

10. CWC section 13267 (b) states, in relevant part:
    In conducting an investigation specified in subdivision (a), the regional board may require that any person who has discharged, discharges, or is suspected of having discharged or discharging, or who proposes to discharge waste within its region…, shall furnish, under penalty of perjury, technical or monitoring program reports which the regional board requires. The burden, including costs, of these reports shall bear a reasonable relationship to the need for the report and the benefits to be obtained from the reports. In requiring those reports, the regional board shall provide the person with a written explanation with regard to the need for the reports, and shall identify the evidence that supports requiring that person to provide the reports.

11. CWC section 13268 (a) states:
    Any person failing or refusing to furnish technical or monitoring program reports as required by subdivision (b) of section 13267, or failing or refusing to furnish a statement of compliance as required by subdivision (b) of section 13399.2, or falsifying any information provided therein, is guilty of a misdemeanor and may be liable civilly in accordance with subdivision (b).
Administrative Civil Liability Complaint No. R5-2009-0530
Azevedo Dairy, Merced County

12. CWC section 13268(b)(1) states:

   Civil liability may be administratively imposed by a regional board in accordance with
   Article 2.5 (commencing with section 13323) or Chapter 5 for a violation of subdivision (a)
   in an amount which shall not exceed one thousand dollars ($1000) for each day in
   which the violation occurs.

13. The required technical reports are 135 days past due. The maximum liability under CWC
   section 13268(b)(1) for the nonsubmittal of the technical reports is $1000 per day late,
   for a total of one hundred thirty five thousand dollars ($135,000).

14. The Executive Officer has considered the nature, circumstances, extent, and gravity of
   the Azevedo Dairy’s failure to submit a technical report as required, the Azevedo Dairy’s
   ability to pay the proposed civil liability, the effect of the proposed civil liability on the
   Azevedo Dairy’s ability to continue in business, any history of violations, the degree of
   culpability, economic benefit or savings, if any, resulting from the failure to submit the
   technical report required, and other matters as justice may require, including the staff
   time required to prepare this Complaint.

15. Central Valley Water Board staff spent a total of 5 hours preparing this Complaint. The
   total cost for staff time is $675 based on a rate of $135 per hour.

LUI S AND VICTORIA AZEVEDO ARE HEREBY GIVEN NOTICE THAT:

1. The Executive Officer of the Central Valley Water Board proposes that the Azevedo
   Dairy be assessed an administrative civil liability in the amount of one thousand dollars
   ($1,000). The amount of the proposed liability is based upon a review of the factors cited
   in CWC sections 13268 and 13327, as well as the State Water Resources Control
   Board’s Water Quality Enforcement Policy, and includes consideration of the economic
   benefit or savings resulting from the violations.

2. A hearing on this matter will be conducted at the Central Valley Water Board meeting
   scheduled on 13/14 August 2009, unless the Azevedo Dairy does either of the following
   by 15 June 2009:

   a) Waives the hearing by completing the attached form (checking off the box next to item
      #4) and returning it to the Central Valley Water Board, along with payment for the
      proposed civil liability of one thousand dollars ($1,000); or

   b) Agrees to enter into settlement discussions with the Central Valley Water Board and
      requests that any hearing on the matter be delayed by signing the enclosed waiver
      (checking off the box next to item #5) and returning it to the Central Valley Water
      Board along with a letter describing the issues to be discussed.

3. If a hearing on this matter is conducted, the Central Valley Water Board will consider
   whether to affirm, reject, or modify the proposed Administrative Civil Liability, which may

include raising the monetary value of the civil liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.

Members of the Prosecution Team are: Pamela Creedon, Executive Officer; Joe Karkoski, Acting Assistant Executive Officer; Rudy Schnagl, Environmental Program Manager; Charlene Herbst, Senior Engineering Geologist; Neena Moitoso, Sanitary Engineering Technician; and Patrick Pulupa, Staff Counsel. Any members of the Advisory Team who normally supervise any members of the Prosecution Team are not acting as their supervisors in this proceeding, and vice versa. Members of the Prosecution Team have not had any ex parte communications with the members of the Central Valley Water Board or the Advisory Team regarding this proceeding.

Ex Parte Communications

The designated parties and interested persons are forbidden from engaging in ex parte communications regarding this matter with members of the Advisory Team or members of the Central Valley Water Board. An ex parte contact is any written or verbal communication pertaining to the investigation, preparation or prosecution of the ACL Complaint between a member of a designated party or interested person on the one hand, and a Central Valley Water Board member or an Advisory Team member on the other hand, unless the communication is copied to all other designated parties (if written) or made in a manner open to all other designated parties (if verbal). Communications regarding non-controversial procedural matters are not ex parte contacts and are not restricted. Communications among one or more designated parties and interested persons themselves are not ex parte contacts.

Hearing Time Limits

To ensure that all participants have an opportunity to participate in the hearing, the following time limits shall apply: each designated party shall have a combined 25 minutes to present evidence (including evidence presented by witnesses called by the designated party), cross-examine witnesses (if warranted), and provide a closing statement; and each interested person shall have 3 minutes to present a non-evidentiary policy statement. Participants with similar interests or comments are requested to make joint presentations, and participants are requested to avoid redundant comments. Participants who would like additional time must submit their request to the Advisory Team so that it is received no later than ten days after all of the evidence has been received. Additional time may be provided at the discretion of the Advisory Team (prior to the hearing) or the Central Valley Water Board Chair (at the hearing) upon a showing that additional time is necessary.
Submission of Evidence and Policy Statements

The following information must be submitted in advance of the hearing:

1. All evidence (other than witness testimony to be presented orally at the hearing) that the Designated Party would like the Central Valley Water Board to consider. Evidence and exhibits already in the public files of the Central Valley Board may be submitted by reference as long as the exhibits and their location are clearly identified in accordance with California Code of Regulations, title 23, section 648.3.

2. All legal and technical arguments or analysis.

3. The name of each witness, if any, whom the designated party intends to call at the hearing, the subject of each witness’ proposed testimony, and the estimated time required by each witness to present direct testimony.

4. The qualifications of each expert witness, if any.

The evidence upon which the Complaint is based will have been entered into the administrative file at the time the Complaint is issued. However, the Prosecution Team may submit additional evidence into the administrative file until 5 p.m. on 5 June 2009. The Board’s Advisory Team, all other Designated Parties, and all Interested Parties will be notified if additional evidence is added to the file, and will be provided with copies of the additional evidence. Should the Prosecution Team require witnesses to provide direct testimony at the Hearing, the Prosecution Team will provide the Board’s Advisory Team, all other Designated Parties, and all Interested Parties with the information contained in items 3 and 4, above, by 5 p.m. on 5 June 2009.

The remaining designated parties shall submit 11 hard copies and one electronic copy of the information described in items 1 through 4 above to Ken Landau so that they are received no later than 5 p.m. on 19 June 2009. In addition to the foregoing, each designated party shall send (1) one copy of the above information to each of the other designated parties by 5 p.m. on the deadline specified above. The Designated Parties should submit all rebuttal evidence to Ken Landau no later than 5 p.m. on 20 July 2009, in order to allow all parties to consider all evidence prior to the hearing. “Rebuttal evidence” is limited to evidence that is offered to disprove or contradict evidence presented by an opposing party.

If the total amount of information submitted by any party is less than 15 pages, that party may submit the information by email, rather than in writing. In addition to the foregoing, each designated party shall send (1) one copy of the above information to each of the other designated parties by 5 p.m. on the deadline specified above.

In accordance with California Code of Regulations, title 23, section 648.4, the Central Valley Water Board endeavors to avoid surprise testimony or evidence. Absent a showing of good cause and lack of prejudice to the parties, the Central Valley Water Board may exclude evidence and testimony that is not submitted in accordance with this Hearing Procedure. Excluded evidence and testimony will not be considered by the Central Valley Water Board and will not be included in the administrative record for this proceeding. Power Point and other visual presentations may be used at the hearing, but their content may not exceed the scope of other submitted written material. Additionally, any witness who has submitted written testimony for the hearing shall appear at the hearing and affirm that the written testimony is true and correct, and shall be available for cross-examination.

WAIVER OF 90-DAY HEARING REQUIREMENT FOR ADMINISTRATIVE CIVIL LIABILITY COMPLAINT

By signing this waiver, I affirm and acknowledge the following:

1. I am duly authorized to represent the Luis Azevedo Dairy (hereinafter “Discharger”) in connection with Administrative Civil Liability Complaint R5-2009-0530 (hereinafter the “Complaint”);

2. I am informed that California Water Code section 13323, subdivision (b), states that, "a hearing before the regional board shall be conducted within 90 days after the party has been served” with the Complaint;

3. I hereby waive any right the Discharger may have to a hearing before the Central Valley Regional Water Quality Control Board (Central Valley Water Board) within ninety (90) days of service of the Complaint; and

4. □ (Check here if the Discharger will waive the hearing requirement and will pay the fine)
   a. I certify that the Discharger will remit payment for the proposed civil liability in the amount of one thousand dollars ($1,000) by check, which will contain a reference to “ACL Complaint R5-2009-0530” and will be made payable to the “State Water Resources Control Board Waste Discharge Permit Fund.” Payment must be received by the Central Valley Water Board by 15 June 2009 or this matter will be placed on the Central Valley Water Board’s agenda for adoption at the 13/14 August 2009 Central Valley Water Board meeting.
   b. I understand that payment of the above amount is not a substitute for compliance with applicable laws and that continuing violations of the type alleged in the Complaint may subject the Discharger to further enforcement, including additional civil liability.

   -or-

5. □ (Check here if the Discharger will waive the 90-day hearing requirement, but will not pay at the current time. The Central Valley Water Board must receive information from the Discharger indicating a controversy regarding the assessed penalty at the time this waiver is submitted, or the waiver may not be accepted.) I certify that the Discharger will promptly engage the Central Valley Water Board staff in discussions to resolve the outstanding violation(s). By checking this box, the Discharger is not waiving its right to a hearing on this matter. By checking this box, the Discharger requests that the Central Valley Water Board delay the hearing so that the Discharger and Central Valley Water Board staff can discuss settlement. It remains within the discretion of the Central Valley Water Board to agree to delay the hearing. A hearing on the matter may be held before the Central Valley Water Board if these discussions do not resolve the liability proposed in the Complaint. The Discharger agrees that this hearing may be held after the 90-day period referenced in California Water Code section 13323 has elapsed.

6. If a hearing on this matter is held, the Central Valley Water Board will consider whether to issue, reject, or modify the proposed Administrative Civil Liability Order, or whether to refer the matter to the Attorney General for recovery of judicial civil liability. Modification of the proposed Administrative Civil Liability Order may include increasing the dollar amount of the assessed civil liability.
