APPROVAL OF TIME EXTENSION FOR ACLO R5-2008-0554, CASCADE SHORES WASTEWATER TREATMENT PLANT, NEVADA COUNTY

On 17 November 2008, I issued Administrative Civil Liability (ACL) Order R5-2008-0554, which allows the Nevada County Sanitation District No. 1 to apply \$450,000 in mandatory minimum penalties toward a new wastewater treatment plant, as long as work is completed in accordance with the time schedule contained in the ACL Order. Nevada County Sanitation District has recently requested an extension of two of the dates contained in the Order. The District states that although the new plant began operation on 30 June 2009 and the discharge is now in compliance with the WDRs and Cease and Desist Order, there are still a number of tasks to be accomplished before the new treatment plant can be considered fully constructed. Item No. 4 of the ACL Order allows the Executive Officer to extend the deadlines, as long as the project will still be completed within five years of issuance of the ACL Order. While Nevada County has asked that the two interim deadlines be extended, it will still meet the final deadline to “achieve full compliance” by 18 May 2010.

Based on the above, this letter formally approves the extension of the following deadlines contained in Administrative Civil Liability Order No. R5-2008-0554:

Task	New Compliance Date
Complete construction of the new wastewater treatment plant	31 December 2009
Submit final documentation of Compliance Project costs	25 February 2010
Achieve Full Compliance	18 May 2010 (no change)

As described in the ACL Order, please submit a progress report concerning each of the above tasks prior to the compliance date. These reports should be submitted to Barry Hilton of this office. Also, please continue submitting the quarterly progress reports required under the Cease and Desist Order; those reports should go to Spencer Joplin of this office. If you have any questions about this letter, please contact the unit supervisor, Victor Vasquez at (916) 464-4623.
