This Complaint is issued to the Placer County Department of Facility Services, Placer County Sewer Maintenance District No. 1, (hereafter Discharger) pursuant to California Water Code (CWC) section 13385, which authorizes the imposition of Administrative Civil Liability, and CWC section 13323, which authorizes the Executive Officer to issue this Complaint. This Complaint is based on findings that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Order R5-2005-0074 (NPDES No. CA0079316).

The Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board) finds the following:

1. The Discharger owns and operates a wastewater collection, treatment, and disposal system, and provides sewerage service to the unincorporated area of North Auburn in Placer County. The wastewater treatment plant provides tertiary treatment when influent flows are 3.5 million gallons per day (mgd) or less and a mixture of secondary and tertiary treatment when flows are greater than 3.5 mgd. Treated municipal wastewater is discharged to Rock Creek, a water of the United States.

2. On 23 June 2005, the Central Valley Water Board issued WDRs Order R5-2005-0074, which contained new regulations and rescinded Order 97-113. The WDRs include effluent limitations and other requirements regarding the wastewater discharges.

3. On 23 June 2005, the Central Valley Water Board issued Cease and Desist Order R5-2005-0075 requiring the Discharger to cease and desist from discharging wastewater contrary to WDRs Order R5-2005-0074.

4. On 20 June 2008, the Assistant Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Complaint R5-2008-0537 for mandatory minimum penalties for effluent violations from 1 January 2001 through 31 December 2007. The Discharger paid the Complaint and the Central Valley Water Board considers the matter resolved.

5. On 12 May 2009, Central Valley Water Board staff issued the Discharger a Notice of Violation and draft Record of Violations for effluent limitation violations for the period from 1 January 2008 through 31 December 2008. In its response, dated 21 May 2009, the Discharger agreed that it exceeded the interim limit for copper, but claimed that the effluent complied with the final effluent limitation for copper if the latter were calculated
based on the hardness measured in the effluent. However, the final effluent limitation for copper must be based on the hardness observed in Rock Creek at Monitoring Point R2 and not the hardness in the effluent (Information Sheet, page 47 and Attachment F, WDRs Order R5-2005-0074). Because there is no hardness data available for Rock Creek on 1 January 2008, compliance with the final effluent limitation for copper cannot be determined. Therefore determination of the violation is based only on the interim limit for copper.

6. CWC sections 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

CWC section 13385(h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each serious violation.

CWC section 13385(h)(2) states:

For the purposes of this section, a “serious violation” means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more, or for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

CWC section 13385(i)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

A) Violates a waste discharge requirement effluent limitation.
B) Fails to file a report pursuant to Section 13260.
C) Files an incomplete report pursuant to Section 13260.
D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

7. CWC section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

8. WDRs Order R5-2005-0074 Effluent Limitations B.1. states, in part, “Effluent shall not exceed the following limits.”

10. According to the Discharger’s self-monitoring reports, the Discharger committed two (2) serious Group II violations of the above effluent limitations contained in Order R5-2005-0074 during the period beginning 1 January 2008 and ending 31 December 2008. The violations are defined as serious because measured concentrations of Group II constituents exceeded maximum prescribed levels by more than 20 percent on these occasions. The mandatory minimum penalty for these serious violations is **six thousand dollars ($6,000)**.

11. According to the Discharger’s self-monitoring reports, the Discharger committed one (1) non-serious violation of the above effluent limitations contained in Order R5-2005-0074 during the period beginning 1 January 2008 and ending 31 December 2008. This non-serious violation is not subject to mandatory penalties under CWC section 13385(i)(1) because this violation was not preceded by three or more similar violations within a six-month period.

12. The total amount of the mandatory penalties assessed for the cited effluent violations is **six thousand dollars ($6,000)**. A detailed list of the cited effluent violations is included in Attachment A, a part of this Order.

13. Issuance of this Administrative Civil Liability Complaint to enforce CWC Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act (Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).
PLACER COUNTY DEPARTMENT OF FACILITY SERVICES, PLACER COUNTY SEWER MAINTENANCE DISTRICT NO. 1, IS HEREBY GIVEN NOTICE THAT:

1. The Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of six thousand dollars ($6,000).

2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled on 7/8/9 October 2009, unless the Discharger agrees to complete the following by 17 August 2009:

   a) Waives the hearing by completing the attached form (checking off the box next to item #4) and returning it to the Central Valley Water Board, along with payment for the proposed civil liability of six thousand dollars ($6,000); or

   b) Agrees to enter into settlement discussions with the Central Valley Water Board and requests that any hearing on the matter be delayed by signing the enclosed waiver (checking off the box next to item #5) and returning it to the Central Valley Water Board along with a letter describing the issues to be discussed.

3. If a hearing on this matter is conducted, the Central Valley Water Board will consider whether to affirm, reject, or modify the proposed Administrative Civil Liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.

WAIVER OF 90-DAY HEARING REQUIREMENT FOR
ADMINISTRATIVE CIVIL LIABILITY COMPLAINT

By signing this waiver, I affirm and acknowledge the following:

1. I am duly authorized to represent the Placer County Department of Facility Services (hereinafter “Discharger”) in connection with Administrative Civil Liability Complaint R5-2009-0556 (hereinafter the “Complaint”);

2. I am informed that California Water Code section 13323, subdivision (b), states that, “a hearing before the regional board shall be conducted within 90 days after the party has been served” with the Complaint;

3. I hereby waive any right the Discharger may have to a hearing before the Central Valley Regional Water Quality Control Board (Central Valley Water Board) within ninety (90) days of service of the Complaint; and

4. □ (Check here if the Discharger will waive the hearing requirement and will pay the fine)
   a. I certify that the Discharger will remit payment for the proposed civil liability in the amount of six thousand dollars ($6,000) by check, which will contain a reference to “ACL Complaint R5-2009-0556” and will be made payable to the “State Water Pollution Cleanup and Abatement Account.” Payment must be received by the Central Valley Water Board by 17 August 2009 or this matter will be placed on the Central Valley Water Board’s agenda for adoption at the 7/8/9 October 2009 Central Valley Water Board meeting.
   b. I understand the payment of the above amount constitutes a settlement of the Complaint, and that any settlement will not become final until after the 30-day public notice and comment period mandated by Federal regulations (40 CFR 123.27) expires. Should the Central Valley Water Board receive new information or comments during this comment period, the Central Valley Water Board’s Executive Officer may withdraw the complaint, return payment, and issue a new complaint. New information or comments include those submitted by personnel of the Central Valley Water Board who are not associated with the enforcement team’s issuance of the Complaint.
   c. I understand that payment of the above amount is not a substitute for compliance with applicable laws and that continuing violations of the type alleged in the Complaint may subject the Discharger to further enforcement, including additional civil liability.

- or -

5. □ (Check here if the Discharger will waive the 90-day hearing requirement, but will not pay at the current time. The Central Valley Water Board must receive information from the Discharger indicating a controversy regarding the assessed penalty at the time this waiver is submitted, or the waiver may not be accepted.) I certify that the Discharger will promptly engage the Central Valley Water Board staff in discussions to resolve the outstanding violation(s). By checking this box, the Discharger is not waiving its right to a hearing on this matter. By checking this box, the Discharger requests that the Central Valley Water Board delay the hearing so that the Discharger and Central Valley Water Board staff can discuss settlement. It remains within the discretion of the Central Valley Water Board to agree to delay the hearing. A hearing on the matter may be held before the Central Valley Water Board if these discussions do not resolve the liability proposed in the Complaint. The Discharger agrees that this hearing may be held after the 90-day period referenced in California Water Code section 13323 has elapsed.

6. If a hearing on this matter is held, the Central Valley Water Board will consider whether to issue, reject, or modify the proposed Administrative Civil Liability Order, or whether to refer the matter to the Attorney General for recovery of judicial civil liability. Modification of the proposed Administrative Civil Liability Order may include increasing the dollar amount of the assessed civil liability.

Separation of Functions

To help ensure the fairness and impartiality of this proceeding, the functions of those who will act in a prosecutorial role by presenting evidence for consideration by the Central Valley Water Board (Prosecution Team) have been separated from those who will provide advice to the Central Valley Water Board (Advisory Team). Members of the Advisory Team are: Kenneth Landau, Assistant Executive Officer; and Lori Okun, Senior Staff Counsel. Members of the Prosecution Team are: Pamela Creedon, Executive Officer; Wendy Wyels, Environmental Program Manager; Victor Vasquez, Senior Water Resources Control Engineer; Barry Hilton, Water Resources Control Engineer; and Patrick Pulupa, Staff Counsel. Any members of the Advisory Team who normally supervise any members of the Prosecution Team are not acting as their supervisors in this proceeding, and vice versa. Members of the Prosecution Team have acted as advisors to the Central Valley Water Board in other, unrelated matters, but they are not advising the Central Valley Water Board in this proceeding. Members of the Prosecution Team have not had any ex parte communications with the members of the Central Valley Water Board or the Advisory Team regarding this proceeding.

Ex Parte Communications

The designated parties and interested persons are forbidden from engaging in ex parte communications regarding this matter with members of the Advisory Team or members of the Central Valley Water Board. Communications regarding non-controversial procedural matters are not ex parte contacts and are not restricted. Communications among one or more designated parties and interested persons themselves are not ex parte contacts.

Hearing Time Limits

To ensure that all participants have an opportunity to participate in the hearing, the following time limits shall apply: each designated party shall have a combined 25 minutes to present evidence (including evidence presented by witnesses called by the designated party), cross-examine witnesses (if warranted), and provide a closing statement; and each interested person shall have 3 minutes to present a non-evidentiary policy statement. Participants with similar interests or comments are requested to make joint presentations, and participants are requested to avoid redundant comments. Participants who would like additional time must submit their request to the Advisory Team so that it is received no later than ten days after all of the evidence has been received. Additional time may be provided at the discretion of the Advisory Team (prior to the hearing) or the Central Valley Water Board Chair (at the hearing) upon a showing that additional time is necessary.
**Submission of Evidence and Policy Statements**

The following information must be submitted in advance of the hearing:

1. All evidence (other than witness testimony to be presented orally at the hearing) that the Designated Party would like the Central Valley Water Board to consider. Evidence and exhibits already in the public files of the Central Valley Board may be submitted by reference as long as the exhibits and their location are clearly identified in accordance with California Code of Regulations, title 23, section 648.3.
2. All legal and technical arguments or analysis.
3. The name of each witness, if any, whom the designated party intends to call at the hearing, the subject of each witness’ proposed testimony, and the estimated time required by each witness to present direct testimony.
4. The qualifications of each expert witness, if any.

The evidence upon which the Complaint is based has been entered into the administrative file by time this Complaint is issued. However, the Prosecution Team may submit additional evidence into the administrative file until 5 p.m. on 24 August 2009. The Board’s Advisory Team, all other Designated Parties, and all Interested Parties will be notified if additional evidence is added to the file, and will be provided with copies of the additional evidence. Should the Prosecution Team require witnesses to provide direct testimony at the Hearing, the Prosecution Team will provide the Board’s Advisory Team, all other Designated Parties, and all Interested Parties with the information contained in items 3 and 4, above, by 5 p.m. on 24 August 2009.

The remaining designated parties shall submit 11 hard copies and one electronic copy of the information described in items 1 through 4 above to Ken Landau so that they are received no later than 5 p.m. on 8 September 2009. In addition to the foregoing, each designated party shall send (1) one copy of the above information to each of the other designated parties by 5 p.m. on the deadline specified above. The Designated Parties should submit all rebuttal evidence to Ken Landau no later than 5 p.m. on 17 September 2009, in order to allow all parties to consider all evidence prior to the hearing. “Rebuttal evidence” is limited to evidence that is offered to disprove or contradict evidence presented by an opposing party.

If the total amount of information submitted by any party is less than 15 pages, that party may submit the information by email, rather than in writing. In addition to the foregoing, each designated party shall send (1) one copy of the above information to each of the other designated parties by 5 p.m. on the deadline specified above.

Interested persons who would like to submit written non-evidentiary policy statements are encouraged to submit them to the Advisory Team as early as possible. Interested persons do not need to submit written comments in order to speak at the hearing.

In accordance with California Code of Regulations, title 23, section 648.4, the Central Valley Water Board endeavors to avoid surprise testimony or evidence. Absent a showing of good cause and lack of prejudice to the parties, the Central Valley Water Board may exclude
evidence and testimony that is not submitted in accordance with this Hearing Procedure. Excluded evidence and testimony will not be considered by the Central Valley Water Board and will not be included in the administrative record for this proceeding. Power Point and other visual presentations may be used at the hearing, but their content may not exceed the scope of other submitted written material. Additionally, any witness who has submitted written testimony for the hearing shall appear at the hearing and affirm that the written testimony is true and correct, and shall be available for cross-examination.

**Evidentiary Documents and File**

The Complaint and related evidentiary documents are on file and may be inspected or copied at the Central Valley Water Board office at 11020 Sun Center Drive, Suite 200 in Rancho Cordova. ADMINISTRATIVE CIVIL LIABILITY COMPLAINT NO. R5-2009-0556 FOR ASSESSMENT OF MANDATORY MINIMUM PENALTIES, PLACER COUNTY FACILITY SERVICES DEPARTMENT, PLACER COUNTY SEWER MAINTENANCE DISTRICT NO. 1, WASTEWATER TREATMENT PLANT, PLACER COUNTY

Enclosed is an Administrative Civil Liability Complaint (Complaint), issued pursuant to California Water Code (CWC) section 13385, for violations of Waste Discharge Requirements R5-2005-0074 (NPDES No. CA0079316) by the Placer County Department of Facility Services (Discharger), Placer County Sewer Maintenance District No. 1 Wastewater Treatment Plant. The Complaint charges the Discharger with civil liability in the amount of six thousand dollars ($6,000) which represents the sum of accrued Mandatory Minimum Penalties for effluent limit violations which occurred from 1 January 2008 through 31 December 2008.

On 12 May 2009, Central Valley Water Board staff issued a draft Record of Violations (ROV) covering the period from 1 January 2008 through 31 December 2008. The Discharger responded on 21 May 2009 and agreed that the ROV accurately reflected violations at the facility, but had a question about one copper violation. The copper violation is discussed in Finding No. 5 of the Complaint.

Pursuant to CWC section 13323, the Discharger may:

- Pay the assessed civil liability and waive its right to a hearing before the Central Valley Water Board by signing the enclosed waiver (checking off the box next to item #4) and submitting it to this office by 17 August 2009, along with payment for the full amount;
- Agree to enter into settlement discussions with the Central Valley Water Board and request that any hearing on the matter be delayed by signing the enclosed waiver (checking off the box next to item #5) and submitting both the waiver and a letter describing the issues to be discussed to this office by 17 August 2009; or
- Contest the Complaint and/or enter into settlement discussions with the Central Valley Water Board without signing the enclosed waiver.

If the Discharger chooses to sign the waiver and pay the assessed civil liability, this will be considered a tentative settlement of the violations in the Complaint. This settlement will be considered final pending a 30-day period, starting from the date of this Complaint, during which time interested parties may comment on this action by submitting information to this office,
attention Barry Hilton. Should the Central Valley Water Board receive new information or comments during this comment period, the Central Valley Water Board’s Executive Officer may withdraw the complaint, return payment, and issue a new complaint.
