This Complaint is issued to the City of Stockton (hereafter Discharger) pursuant to California Water Code (CWC) section 13385, which authorizes the imposition of Administrative Civil Liability, CWC section 13323, which authorizes the Executive Officer to issue this Complaint, and CWC section 7, which authorizes the delegation of the Executive Officer’s authority to a deputy, in this case the Assistant Executive Officer. This Complaint is based on findings that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Order 94-324 and R5-2002-0083 (NPDES No. CA0079138).

The Assistant Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board) finds the following:

1. The Discharger owns and operates a wastewater collection, treatment, and disposal system, and provides sewerage service to the City of Stockton, the Port of Stockton, and surrounding urbanized County areas. Treated municipal wastewater is discharged through a single outfall to the San Joaquin River, a navigable water of the United States and part of the Sacramento-San Joaquin Delta.

2. On 28 October 1994, the Central Valley Water Board adopted WDRs 94-324 to regulate discharges of waste from the wastewater treatment plant. On 26 April 2002, the Board adopted WDRs Order R5-2002-0083, which contained new requirements and rescinded Order 94-324. On 26 April 2002, the Central Valley Water Board also adopted Cease and Desist Order (CDO) R5-2002-0084. This Order required the Discharger to comply with effluent ammonia limitations by 1 April 2007.

3. On 29 August 2008, Central Valley Water Board staff sent the Discharger a draft Record of Violations. The Discharger responded on 19 September 2008, and agreed with the record.

4. CWC sections 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

CWC section 13385(h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each serious violation.
CWC section 13385 (h)(2) states:

For the purposes of this section, a “serious violation" means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

CWC section 13385(i)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

A) Violates a waste discharge requirement effluent limitation.
B) Fails to file a report pursuant to Section 13260.
C) Files an incomplete report pursuant to Section 13260.
D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

5. CWC section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

6. WDRs Order 94-324 Effluent Limitations No. B.1., states, in part:

Effluent shall not exceed the following limits:

7. WDRs Order R5-2002-0083 Effluent Limitations No. B.1. states, in part:

9. WDRs Order R5-2002-0083 Effluent Limitations No. B.6. states, in part:

10. According to the Discharger’s self-monitoring reports, the Discharger committed five (5) serious Group II violations of the above effluent limitations contained in Order R5-2002-0083 during the period beginning 1 January 2000 and ending 30 April 2008. These violations are defined as serious because measured concentrations of Group II constituents exceeded maximum prescribed levels by more than 20 percent on these occasions. The mandatory minimum penalty for these serious violations is **fifteen thousand dollars ($15,000)**.

11. According to the Discharger’s self-monitoring reports, the Discharger committed nine (9) non-serious violations of the above effluent limitations contained in Order R5-2002-0083 during the period beginning 1 January 2000 and ending 30 April 2008. One (1) of the non-serious violations is subject to mandatory penalties under CWC section 13385(i)(1) because this violation was preceded by three or more similar violations within a six-month period. The mandatory minimum penalty for this non-serious violation is **three thousand dollars ($3,000)**.

12. The total amount of the mandatory penalties assessed for the cited effluent violations is **eighteen thousand dollars ($18,000)**. A detailed list of the cited effluent violations is included in Attachment A, a part of this Complaint.
13. Issuance of this Administrative Civil Liability Complaint to enforce CWC Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act (Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).

THE CITY OF STOCKTON IS HEREBY GIVEN NOTICE THAT:

1. The Assistant Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of **eighteen thousand dollars ($18,000)**.

2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled on **5/6 February 2009**, unless the Discharger does either of the following by **10 December 2008**:

   a) Waives the hearing by completing the attached form (checking off the box next to item #4) and returning it to the Central Valley Water Board, along with payment for the proposed civil liability of **eighteen thousand dollars ($18,000)**; or

   b) Agrees to enter into settlement discussions with the Central Valley Water Board and requests that any hearing on the matter be delayed by signing the enclosed waiver (checking off the box next to item #5) and returning it to the Central Valley Water Board along with either (a) a letter describing the issues to be discussed or (b) a proposal for a Supplemental Environmental Project that meets the criteria of the State Water Board’s *Water Quality Enforcement Policy*.

3. If a hearing on this matter is held, the Central Valley Water Board will consider whether to affirm, reject, or modify the proposed Administrative Civil Liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.

A hearing on the matter may be held before the Central Valley Water Board if these discussions do not resolve the liability proposed in the Complaint. The Discharger agrees that this hearing may be held after the 90-day period referenced in California Water Code section 13323 has elapsed.

6. If a hearing on this matter is held, the Central Valley Water Board will consider whether to issue, reject, or modify the proposed Administrative Civil Liability Order, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.
