OFFER TO PARTICIPATE IN THE EXPEDITED PAYMENT LETTER PROGRAM RELATING TO ADMINISTRATIVE CIVIL LIABILITY R5-2018-0536 FOR ASSESSMENT OF MANDATORY MINIMUM PENALTIES, MOUNTAIN HOUSE WASTEWATER TREATMENT PLANT, SAN JOAQUIN COUNTY

The Mountain House Community Services District (Discharger) discharges treated wastewater from the Mountain House Wastewater Treatment Plant (Facility), which is regulated by Waste Discharge Requirements (WDRs) Order R5-2017-0119 (NPDES CA0084271). This Offer to Participate in the Central Valley Regional Water Quality Control Board’s (Central Valley Water Board’s) Expedited Payment Letter Program (EPL) provides the Discharger with an opportunity to resolve mandatory minimum penalties for effluent violations without a formal administrative civil liability Complaint. The alleged mandatory minimum penalty, in the amount of fifteen thousand dollars ($15,000), represents the sum of accrued mandatory minimum penalties for effluent limitation violations specifically identified in the Record of Violations (Attachment A), attached hereto and incorporated herein by reference, as subject to mandatory minimum penalties that occurred between 1 July 2015 and 30 June 2018.

NOTICE OF VIOLATION AND RECORD OF VIOLATION

Based on the Discharger’s self-monitoring reports, the Central Valley Water Board Prosecution Team sent the Discharger a Notice of Violation and Record of Violations (ROV) on 7 September 2018, notifying the Discharger of effluent limit violations, reporting violations, and corresponding violations of the California Water Code. On 5 October 2018, the Discharger responded and agreed to the violations, except the pH violation which occurred on 3 January 2018. In response to the 3 January 2018 pH violation, the Discharger stated that the data for the effluent pH was reported incorrectly as 8.9 standard units (S.U.) instead of 8.14 S.U. and requested the violation be dismissed. The Discharger provided the daily supervisory control and data acquisition (SCADA) system printout showing that the actual 3 January 2018 maximum effluent pH concentration was reported to be 8.14 S.U. Board staff reviewed the supplemental information the Discharger provided and agreed with the discharger, thus, dismissed the 3 January 2018 pH violation. Following the Discharger’s review of the ROV and correction, the Central Valley Water Board Prosecution Team confirmed that the violations listed in the ROV (Attachment A) are subject to mandatory minimum penalties.
STATUTORY LIABILITY

Water Code sections 13385(h) and (i) require the assessment of a mandatory minimum penalty of $3,000 for each specified serious and chronic effluent limit violations. For purposes of Water Code section 13385(h), the failure to file a discharge monitoring report required pursuant to sections 13383 for each complete period of thirty (30) days following the deadline for submitting the report constitutes a serious violation subject to a mandatory minimum penalty. The Discharger may also be subject to discretionary administrative civil liabilities pursuant to Water Code section 13385(c) of up to $10,000 for each day in which the violation occurs, and $10 for each gallon discharged but not cleaned up in excess of 1,000 gallons. These mandatory minimum penalties and discretionary administrative civil liabilities may be assessed by the Central Valley Water Board beginning with the date that the violations first occurred.\(^1\)

The formal enforcement action that the Central Valley Water Board uses to assess such liability is an administrative civil liability complaint, although the Central Valley Water Board may instead refer such matters to the Attorney General’s Office for prosecution. If referred to the Attorney General for prosecution, the Superior Court may assess up to twenty-five thousand dollars ($25,000) per violation. In addition, the Superior Court may assess up to twenty-five dollars ($25) per gallon discharged but not cleaned up in excess of 1,000 gallons.

SETTLEMENT OFFER

The Discharger can avoid the issuance of a formal enforcement action and settle the alleged violations identified in the ROV (Attachment A) by participating in the Expedited Payment Program.

To promote resolution of these violations, the Central Valley Water Board Prosecution Team makes this Conditional Offer. The Central Valley Water Board’s Prosecution Team proposes to resolve these violations without the issuance of a formal enforcement action through this Expedited Payment Letter assessing fifteen thousand dollars ($15,000) in mandatory minimum penalties. If the Discharger accepts this proposal, subject to the conditions below, the Central Valley Water Board Prosecution Team will accept that payment in settlement of any enforcement action that would otherwise arise out of the violations identified in Attachment A. Accordingly, the Central Valley Water Board Prosecution Team will forego issuance of a formal administrative complaint, will not refer the violations to the Attorney General, and will waive its right to seek additional discretionary civil liabilities for the violations identified in the ROV. The Expedited Payment Program does not address or resolve liability for any violation that is not specifically identified in the ROV, regardless of the date that the violation occurred.

If the Discharger accepts this offer, please complete and return the enclosed “Acceptance of Conditional Resolution and Waiver of Right to Hearing; (proposed) Order” (Acceptance and Waiver) on or before 7 December 2018.

CONDITIONS FOR CENTRAL VALLEY WATER BOARD ACCEPTANCE OF RESOLUTION

Upon receipt of the Acceptance and Waiver Form, Federal regulations require the Central Valley Water Board to publish and allow the public thirty (30) days to comment on any settlement of an enforcement action addressing NPDES permit violations (40 C.F.R. section 123.27(d)(2)(iii)). Upon receipt of the Discharger’s Acceptance and Waiver, the Central Valley Water Board staff will publish a notice of the proposed resolution of the violations.

If no comments are received within the 30-day comment period, and unless there are new material facts that become available to the Central Valley Water Board, the Executive Officer will execute the Acceptance and Waiver as a stipulated order assessing the uncontested mandatory minimum penalty amount pursuant to Water Code sections 13385 and 13385.1. However, if significant comments are received in opposition to the settlement, this offer may be withdrawn. In that case, the Discharger’s waiver pursuant to the Acceptance and Waiver will also be withdrawn and the violations will be addressed in an administrative civil liability hearing. At the hearing, the Discharger will be free to make arguments to any of the alleged violations, and the Discharger’s prior agreement to accept this conditional offer will not in any way be binding or used as evidence against the Discharger. The Discharger will be provided with further information on the administrative civil liability hearing process.

In the event the Acceptance and Waiver is executed by the Executive Officer, full payment of the assessed amount shall be due within thirty (30) calendar days after the date the Acceptance and Waiver is executed. In accordance with California Water Code section 13385(n)(1) and California Water Code section 13385.1(c)(1), funds collected for violations of effluent limitations and reporting requirements pursuant to section 13385 and 13385.1 shall be deposited in the State Water Pollution Cleanup and Abatement Account. Accordingly, the $15,000 liability shall be paid by cashiers or certified check made out to the “State Water Pollution Cleanup and Abatement Account”. Failure to pay the full penalty within the required time period may subject the Discharger to further liability.

If you have any questions or comments regarding this Settlement Offer, please contact Kim Sellards at (916) 464-4835 or Kim.Sellards@waterboards.ca.gov.

ACCEPTANCE OF CONDITIONAL RESOLUTION
AND WAIVER OF RIGHT TO HEARING; (proposed) ORDER

Mountain House Community Services District
EPL No. R5-2018-0536

By signing below and returning this Acceptance of Conditional Resolution and Waiver of Right to Hearing (Acceptance and Waiver) to the Central Valley Regional Water Quality Control Board (Central Valley Water Board), the Mountain House Community Services District (Discharger) hereby accepts the “Offer to Participate in Expedited Payment Program” and waives the right to a hearing before the Central Valley Water Board to dispute the allegations of violations described in the Record of Violations (ROV), which is attached hereto as Attachment A and incorporated herein by reference.

The Discharger agrees that the ROV shall serve as a complaint pursuant to Article 2.5 of the California Water Code and that no separate complaint is required for the Central Valley Water Board to assert jurisdiction over the alleged violations through its Chief Prosecutor. The Discharger agrees to pay the penalties required by California Water Code section 13385, in the sum of $15,000 (Expedited Payment Amount), which shall be deemed payment in full of any civil liability pursuant to Water Code sections 13385 and 13385.1 that otherwise might be assessed for the violations described in the ROV. The Discharger understands that this Acceptance and Waiver waives its right to contest the allegations in the ROV and the amount of civil liability for such violations.

The Discharger understands that this Acceptance and Waiver does not address or resolve liability for any violation that is not specifically identified in the ROV.

Upon execution by the Discharger, the completed Acceptance and Waiver shall be returned to:

Kim Sellards, Supervisor for Compliance and Enforcement Section

The Discharger understands that federal regulations set forth at title 40, Code of Federal Regulations, section 123.27(d)(2)(iii) require the Central Valley Water Board to publish notice of and provide at least thirty (30) days for public comment on any proposed resolution of an enforcement action addressing NPDES permit violations. Accordingly, this Acceptance and Waiver, prior to execution by the Central Valley Water Board Executive Officer, will be published as required by law for public comment.

If no comments are received within the notice period that causes the Central Valley Water Board Executive Officer to question the Expedited Payment Amount, the Central Valley Water Board Executive Officer will execute the Acceptance and Waiver.

The Discharger understands that if significant comments are received in opposition to the Expedited Payment Amount, the offer on behalf of the Central Valley Water Board to resolve the violations set forth in the ROV may be withdrawn. In that circumstance, the Discharger will be advised of the withdrawal and an administrative civil liability complaint may be issued and the matter may be set for a hearing before the Central Valley Water Board. For such a liability hearing,
the Discharger understands that this Acceptance and Waiver executed by the Discharger will be treated as a settlement communication and will not be used as evidence in that hearing.

The Discharger further understands that once the Acceptance and Waiver is executed by the Central Valley Water Board Executive Officer, the full payment required by the deadline set forth below is a condition of this Acceptance and Waiver. In accordance with California Water Code section 13385(n)(1) and California Water Code section 13385.1(c)(1), funds collected for violations of effluent limitations and reporting requirements pursuant to sections 13385 and 13385.1 shall be deposited in the State Water Pollution Cleanup and Abatement Account. Accordingly, the $15,000 liability shall be paid by a cashiers or certified check made out to the “State Water Pollution Cleanup and Abatement Account”. The payment must be submitted to the State Water Resources Control Board no later than thirty (30) calendar days after the date the Acceptance and Waiver is executed by the Central Valley Water Board Executive Officer.
