This Complaint to assess Mandatory Penalties pursuant to California Water Code (CWC) Section 13385(h) and/or (i) is issued to the City of Rio Vista (hereafter Discharger) based on a finding of violations of Waste Discharge Requirements Order No. R5-2002-0099 (NPDES No. CA0083771).

The Executive Officer of the Central Valley Regional Water Quality Control Board (Regional Board) finds the following:

1. CWC Section 13385(h) and (i) requires assessment of mandatory penalties and states, in part, the following:

   CWC Section 13385(h)(1) requires the Regional Board to assess a mandatory penalty of three thousand dollars ($3,000) for each serious violation.

   CWC Section 13385 (h)(2) states for purposes of this section, a “serious violation” means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

   CWC Section 13385(i)(1) requires the Regional Board to assess a mandatory penalty of three thousand dollars ($3,000) for each violation, not counting the first three violations, if the discharger does any of the following four or more times in any period of six consecutive months.

   1. Violates a waste discharge requirement effluent limitation.
   2. Fails to file a report pursuant to Section 13260.
   3. Files an incomplete report pursuant to Section 13260.
   4. Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

2. On 7 June 2002, the Regional Board adopted Waste Discharge Requirements Order No. R5-2002-0099 for the City of Rio Vista to regulate discharges of waste from its Trilogy Wastewater Treatment Plant.
3. Order No. R5-2002-0099 includes, in part, the following effluent limitations:

**B. Effluent Limitations to Surface Water Discharge:**

1. Effluent shall not exceed the following limits:

<table>
<thead>
<tr>
<th>Constituents</th>
<th>Units</th>
<th>Monthly Average</th>
<th>Daily Maximum</th>
</tr>
</thead>
<tbody>
<tr>
<td>TSS(^2)</td>
<td>mg/l</td>
<td>10</td>
<td>20</td>
</tr>
<tr>
<td></td>
<td>lbs/day(^3)</td>
<td>16.5</td>
<td>33</td>
</tr>
<tr>
<td>Turbidity</td>
<td>NTU</td>
<td>2(^7)</td>
<td>5(^7)</td>
</tr>
</tbody>
</table>

\(^2\) To be ascertained by a 24-hr composite.

\(^3\) Based upon a design treatment capacity of 0.2 mgd.

\(^7\) Turbidity of the filtered wastewater does not exceed any of the following: a) an average of 2 NTU within a 24-hr period, b) 5 NTU more than 5 percent of the time within a 24-hr period; and c) 10 NTU at any time.

4. According to monitoring reports submitted by the Discharger, the Discharger committed one (1) serious violation during the twenty four-month period beginning 1 April 2002 and ending on 31 March 2004.

Total Suspended Solids (TSS) is listed as a Group I pollutant in Title 40 of the Code of Federal Regulations. The City of Rio Vista Trilogy Wastewater Treatment Plant discharged effluent that exceeded the daily maximum effluent limitation for total suspended solids by 40 percent or more as shown in the attached table.

The amount of the mandatory penalty for this serious violation is $3,000.

5. According to monitoring reports submitted by the Discharger, the Discharger also had a total of 4 other violations of effluent limitations that were not considered serious violations (turbidity and TSS). However, two of these violations are exempt from the mandatory minimum penalty under CWC Section 13385(i) (fall under the category of first three violations in any six consecutive month period). The amount of the mandatory penalty for these non-serious violations is therefore $6,000.

The total amount of the mandatory penalty (for serious + non-serious) is **$9,000**.

6. Issuance of this complaint is exempt from the Provisions of the California Environmental Quality Act (Public Resources Code Section 21000, et. seq.), in accordance with Title 14, California Code of Regulations Section 15321(a)(2) (“Enforcement Actions by Regulatory Agencies”).
THE CITY OF RIO VISTA IS HEREBY GIVEN NOTICE THAT:

1. The Executive Officer of the Regional Board proposes that the Discharger be assessed a Mandatory Penalty in the amount of $9,000.

2. A hearing shall be held by the Regional Board, unless the Discharger agrees to waive the hearing and pay the mandatory penalty of $9,000 in full.

3. The Discharger may waive the right to a hearing. If the Discharger chooses to waive the hearing, the Discharger must complete and sign the attached waiver and return it and a check made payable to the State Water Resources Control Board for the full amount of the mandatory penalty to the Regional Board’s office at the letterhead address by **26 July 2004**.
